NUMBER 6

THE NEED OF A GOOD BRASS BAND

Deputation Waits Upon City Council To Urge Generous Measure Of Civic Assistance

There was a full attendance of members at the regular fortnightly meeting of the Council on Monday night.

The volume of business awaiting transaction was small, and one of the principal matters was laid before the Council by a deputation consisting of Messrs. E. R. Bailey and W. M. Crawford, who appeared in support of a request that aid be given to the re-establishment of a brass band.

Mr. Crawford explained that, as the result of the visit of the Penticton Elks' Band on Sunday and the excellent programme they had provided in the Park, a number of citizens had discussed the possibility of re-establishing a brass band in Kelowna, and Mr. Bailey and he had been deputed to wait upon the Council in order to ascertain what measure of municipal assistance might be forthcoming. He understood that a number of instruments would be required in addition to any that might be on hand, and he suggested that the Council might give dollar for dollar to supplement any sum that might be raised by canvass of the citizens. He felt confident that he could raise \$500 without much trouble. The lack of a good band was a great drawback to the town, especially in view of the increasing tourist traffic and the desirability of providing some entertainment for visitors. Band concerts in the Park would be a great attraction during the season, and would be enjoyed by the citizens generally as well as tourists. It would cost some money, as it would be necessary to have a really good band leader, who would be paid a salary and would also be found a permanent position, hence a liberal grant from the City was essential.

The Mayor wanted to know why use was not made of the band that was here. There had been a fairly good band in Kelowna, but bands from the outside had been brought in to fill engagements, which made it appear that local organizations were not very appreciative of the Kelowna Band. The Council, in fact, had taken more interest in the Band than had the citizens, and on half a dozen occasions had made grants in aid and had purchased a complete set of instruments at one time. From the lack of interest shown by the public, there was no indication that they wanted a band, but if Mr. Crawford was in a position to show that the people were really interested in the matter, the Council would then be in a position to take action.

Most of the aldermen expressed themselves as in favour of any reasonable amount of assistance to a band. Ald. Knowles supported the stand taken by His Worship, Ald. Adams thoroughly agreed with the need of a good band as an attraction to tourists. Ald. Morrison thought that an organization should be formed in the first place by the citizens, and then they could come to the Council with a concrete proposition. Ald. Meikle suggested that a permanent organization, such as the Elks, might be asked to take hold of the running of a band. The Mayor remarked that as late as last year the Council paid out \$200 as a grant to the existing City Band.

Mr. Crawford did not think value was received for the money.

Mr. Bailey said they did not ask for any definite sum; they merely wished to be able to tell the citizens who had deputized them that the Council would co-operate in the matter. He believed that in the past the trouble had been that their ideas were not large enough; they had not got enough money to secure a really first-class leader. There should be music in the Park at least twice a week during the season. It would be a great thing for the town, and the money it would cost would be well spent.

Careful consideration was promised by the Council, and the deputation then withdrew.

Further discussion of the subject resulted in reaching the conclusion that any action be deferred until a definite proposal is submitted by a committee or organization.

Mr. E. W. Barton, Secretary of the Great War Veterans' Association, wrote inviting the Council to attend the

(Continued on Page 8)

HOW FRUIT PRICES ARE CUT DOWN

Associated Growers Claim That Support Given To Independent Shippers Is The Cause

(Received too late for last issue)

Vernon, B.C., September 18th, 1923. There seems to be an unusual amount of pessimism among the growers and others as to prices which will be received for the crop this year. Pessimism, however, will not increase the prices but it may have a depressing effect upon them.

Marketing our crop is just as much the problem of the growers as is the production of the crop, and the growers are entitled to know what is going on from day to day in the markets in which their fruit is sold.

The two factors to be considered in marketing are the producer and the consumer, and there is a continuous warfare being carried on between the producer and the consumer by the jobbers and retailers. Their efforts at all times are to get the price up for the consumer and down for the producer.

The independent shippers furnish the means to destroy the prices of the producer and many still insist on playing the ammunition to carry on the warfare in which they only will suffer. All the other factors in the struggle are protecting themselves, taking advantage of conditions to make profit and are growing rich on the foolishness of the selfish grower.

If it is possible, imagine the World War being conducted as the growers of this Valley are even in the face of the reverse suffered last year) carrying on their war to obtain justice from the markets.

A large section organizes and, with officers of the best selection possible, plans a campaign, then several small units of growers place themselves at the disposal of other officers to upset and destroy this carefully planned campaign, and because of the plunder obtained by this independent skirmish others are induced to try the same method of self-enrichment. Every one realizes that eventually the war, if continued in this way, must be among the growers themselves, with the jobbers, retailers and consumers looking on and enjoying the spoils, but the individual, notwithstanding the experience of the past, seems to want to persist and to desire to help himself and his neighbour is stifled by this cultivated selfishness to help himself at the expense of his neighbour.

We are informed that today prices on our apples are being reduced in consequence of quotations made by the independent shippers who carry on jobbing business at several points, selling direct to the retailer at a very small margin, not much above the cost at which the Associated apples are laid down at the same point. This makes conditions with the trade very much against the interests of the growers, as jobbers at these points will do their utmost to hammer down the price of the Associated or secure American fruit to meet the competition.

Growers! How long are you going to persist in the destruction of yourselves by refusing to stick together and work for your common good by united action?

ASSOCIATED GROWERS OF B.C. Ltd.

BLACK BEAR TACKLES

FIVE HUNDRED POUND SOW

On Tuesday afternoon at five o'clock a black bear caused lots of excitement at the Pioneer Ranch, the homestead of Mr. John Casorso. It was first noticed by Mrs. Victor Borrie in the feed lot some two hundred yards from the house. There was engaged in the playful pastime of tearing the neck of a five hundred pound sow, which it was trying to eat alive.

Nothing daunted by this terrifying spectacle, Mrs. Borrie tackled the bear with a club and made it retire some distance where it lay down for a rest. She then ran to the house for a rifle, but found that she did not know how to put the cartridges into the barrel. However, by this time her husband turned up and chased after the bear, which had wandered into some brush, and shot it. It weighed three hundred and fifty pounds dressed.

\$400,000 MELON FOR

PREMIER SHAREHOLDERS

VANCOUVER, Sept. 27.—The famous Premier mine in Northern British Columbia has already yielded millions of dollars in dividends, and on Sept. 30th another \$400,000 will be distributed amongst the fortunate shareholders. The announcement that it had been decided to pay a further 8 per cent dividend was made yesterday by President A. B. Trites on his return to Vancouver.

ANGLO-GALLIC RELATIONS

ARE AGAIN AMICABLE

NORTHAMPTON, England, Sept. 27.—Prime Minister Stanley Baldwin, speaking here today, declared that his conference with Premier Poincare in Paris last week had had the effect of restoring the former good relations between France and Great Britain. The atmosphere of restraint and at least of distrust that prevailed between the two countries when the present British government came into office had been changed, he said, into one of mutual confidence.

U. S. CONSIGNED FRUIT SUBJECT TO SPECIAL TAX

Minister Of Customs Takes Action To Prevent Dumping On Consignment

The subjoined letter shows that the Minister of Customs is alive to the necessity of protecting the Canadian fruit industry against undue competition from American fruit sent into Canada on consignment without sale prior to shipment, and the action taken should have beneficial results.

Ottawa, 11th Sept., 1923. T. L. Gillespie, Esq., East Kelowna, B. C.

Dear Sir, On my return to Ottawa your letter of the 23rd ultimo with copy of resolution passed at a meeting of the Kelowna Branch of the British Columbia Fruit Growers' Association was placed before me.

I may say in reply that the Department had been keeping in close touch with fruit conditions in the United States, and in order to deal with fruit shipped on consignment an Order-in-Council was passed authorizing the collection on fruit shipped on consignment, without sale prior to shipment, of the same special duty as if the fruit had been sold to an importer in Canada.

Collectors have been given instructions to require a deposit of 15 per cent ad valorem thereon, to be made at the time of entry, to secure payment of such special duty.

Yours truly, JACQUES BUREAU.

UNDERTAKE FURNISHING OF NURSES' HOME

Hospital Ladies Aid Will Hold Tag Day

The regular monthly meeting of the Hospital Ladies Aid took place in the Board of Trade Hall on Monday afternoon, Mrs. J. S. McKenzie acting as chairman and Mrs. E. L. Cross as secretary.

It was decided to hold the annual tag day on Thursday, October 4th, the last day of the Fall Fair, as has been the custom for a number of years.

During the course of the meeting Mrs. McKenzie informed the members that good progress is being made on the building of the Nurses' Home, which is being erected back of the Hospital, on Strathcona Avenue, and that it is expected that it will be completed before the end of this year. The ladies have decided to make every effort to get this new home for the nursing staff properly furnished, and they point out that the furniture at present in use in the temporary quarters is entirely inadequate. More bedroom furniture will be needed, also a number of things of all kinds so that the parlour of the new building can be made reasonably comfortable for the staff, which now comprises one matron, four graduate nurses and twelve probationers. It is the intention of the ladies to circulate every fraternal and benevolent society in this town and district asking for contributions towards this worthy object.

TRADE PROSPECTS BETTER FOR NEXT SIX MONTHS

TORONTO, Sept. 27.—Without inducing too much optimism, reports from most of the principal cities in Canada which have reached the office of the Canadian Manufacturers' Association recently indicate that, on the whole, the trade situation during the next six months will be better than it was last year. Lumbering, it is expected, will be particularly active, while a large number of factories report that orders have been received for several months ahead.

OKLAHOMA "CIVIL WAR" BECOMES LAWYERS' BATTLE

OKLAHOMA CITY, Sept. 27.—The conflict between Governor J. C. Walton and the lower house of the Oklahoma Legislature has developed into a finish fight as the legislators are preparing to take their cause to the courts. On the other hand, the use of military forces to combat "hooded outrages" will continue until the domination of one-third of the counties in the state by the Ku Klux Klan is broken, the Governor states.

MANITOBA FARMER IS SHOT FROM AMBUSH

SYDNEY, Man., Sept. 27.—A man named Falkiner, believed to be mentally unbalanced, has been arrested by the provincial police, charged with the shooting of Jack LeMercier, a bachelor farmer, who was shot down from ambush on Tuesday morning, and who is now lying at the point of death with more than sixty pellets of small shot in his chest and stomach from a shotgun fired at close range. LeMercier, weakened by loss of blood and long exposure while he waited for aid, was unable to offer any theory regarding the attempt on his life. The bleeding and half-conscious farmer, dragged himself half a mile to a point near a footpath used by school children, then he collapsed. The murderous attack was made while he was watering his horses.

YOUNG WOMAN FOUND DROWNED IN LAKE

Coroner Is Enquiring Into Causes Attending Death Of Miss H. Whitworth

As we go to press an inquest is being held by Coroner E. Weddell on the circumstances attending the death of Miss Helen Whitworth, aged twenty-two, who was found drowned in Okanagan Lake near the Okanagan Mission wharf yesterday afternoon by Chief of Police R. W. Thomas.

The body was brought into town yesterday and has been medically examined as a preliminary to the official inquest. The deceased young lady was a probationer at the Kelowna General Hospital and had only a short term more to serve in that capacity before receiving her certificate as a graduate nurse. This sad fatality, which cast a gloom over the community, in which Miss Whitworth had numerous friends.

"EAT MORE B.C. FRUIT"

Campaign In Vancouver Is Meeting With Encouraging Response

The "EAT MORE B.C. FRUIT" campaign inaugurated by the B.C. Products Campaign in Vancouver is receiving remarkable support from the business interests in the Coast city. During the first twenty-four hours after the circulars were sent out orders for over 100,000 envelopes were received from wholesalers, retailers, manufacturers, doctors, lawyers, architects, steamship companies, real estate brokers, insurance companies, etc., all desirous of helping in a neighbourly manner to solve some of the problems facing the fruit industry this year. In addition a large number of cuts have been supplied to those desirous of having large numbers of envelopes done by their own printers.

C.P.R. CHIEF FORECASTS BIG TOURIST BUSINESS

VICTORIA, Sept. 27.—British Columbia's tourist business will be greater in 1924 than ever before, E. W. Beatty, President of the Canadian Pacific Railway, told the directors of the Chamber of Commerce here yesterday. "The year 1924 will be the greatest tourist year in history," he asserted. Mr. Beatty said his recent trip to Alaska had convinced him that British Columbia's tourist business was capable of enormous expansion. It was in preparation for this development in travel that the C.P.R. was planning the immediate construction of two large fast steamers to operate between Vancouver, Victoria and Seattle. He urged British Columbia cities to prepare now for fast growth of their tourist trade. The foundation of this business should be laid now, he insisted.

COMPENSATION AWARD IS PLEASING TO ITALY

ROME, Sept. 27.—The entire Italian press and public are expressing gratification over the decision of the Council of Ambassadors in awarding Italy fifty million lire deposited by Greece, as a guarantee of reparations for the assassination of the Greco-Albanian boundary commission. Some of the papers express resentment over what is termed "the new and strange opposition of the British policy towards Italy."

HEAVY TRAFFIC ON KELOWNA HIGHWAYS

Interesting Statistics Compiled By Local Office Of Department Of Public Works

Some idea of the heavy amount of traffic on the main highways leading to Kelowna may be gleaned from the subjoined figures, which were compiled by the local office of the provincial Department of Public Works. They represent the number of vehicles of various kinds passing given points on one day between the hours of 5 a. m. and 8 p. m. The day selected, last Monday, the 24th, would not, however, be one on which the heaviest amount of traffic could be expected, as little or no fruit picking is done on Sundays. The figures also do not include any traffic arriving in the city from the Municipality of Glenmore.

ASSOCIATED GROWERS' NOT IN DEBT TO BANK

Indebtedness On Buildings Account Is Carried By Growers' Packing Houses, Limited

In further elucidation of the finances of the co-operative marketing organization, as explained in a letter from the Associated Growers, published in our issue of the 13th inst., we have received the following supplementary statement from the Executive, which shows that the indebtedness on account of purchase of buildings of fruit shipping concerns taken over is carried by The Growers' Packing Houses, Limited, a corporation separate from the Associated Growers, and that the marketing end is not in debt to the bank but, on the contrary, has a credit balance.

It may be interesting to know that the Associated Growers do not owe the Bank of Montreal anything, but have a credit balance which is being distributed in proportion to the shipments from the various Locals. This will apply on the bank loans borrowed by the various Locals. The Growers' Packing Houses, Limited, on first mortgage debentures, have borrowed \$165,000 and will have a second mortgage 3-year debenture issue of approximately \$200,000. These two issues of debentures will be retired from the deductions received from the Associated Growers.

LOTS OF SPORT AT THE FALL FAIR

Those who are fond of sport, and this includes almost everybody in this district, will have no cause to complain of lack of amusement on both days at the coming Fall Fair. On Wednesday there will be boxing matches, tent pegging competitions, and bicycle races, besides horse races of all kinds. The ancient amusement of tilting the buck will also be indulged in on that day. On Thursday there will also be boxing matches as well as obstacle races and foot races for returned men and more horse racing, including the classic point-to-point race. The school boys' relay race will also be a feature of the afternoon events.

On both days there will be plenty of fun for the young folk, which will be provided by the All Canadian Shows. They will be able to take in the Ferris wheel, merry-go-round and side shows, see the smallest living horse, watch "Teddy," the famous boxing bear, and visit "The Land of Wonders," where they will witness marvellous things of a nature akin to those of which they have read in fairy tales. There will also be a special vaudeville show, for which will be sufficient attractions during the school days of the Fair to enable both young and old to have a thoroughly good time.

RIVAL DICTATORS AT BERLIN AND MUNICH

Dissolution of Confederation Of German States Is Threatened

BERLIN, Sept. 27.—Rival dictators rule at Berlin and Munich. Yesterday, the Bavarian government entrusted all the powers of state to Dr. Von Kahr as military dictator. By way of reply, the German administration, at a hurriedly called midnight session, declared a state of emergency for the republic and gave Minister of Defence Gessler executive authority to put into force any military or police measures he might deem warranted.

Dissolution of the confederation of German states formerly known as the German Empire is threatened. Saxony will support Prussia in the struggle for unity, but a break-up into several smaller states is possible within a few weeks unless the Berlin government is able to exercise control over Bavaria. Bavaria is holding off monarchism, and the new dictator has the reputation of being a close friend of Crown Prince Rupprecht.

Reports from Dusseldorf state that a general strike has been declared at a number of places in the Ruhr mine fields as a protest against the surrender of Berlin on passive resistance. Communist factions are said to be responsible. Street fighting between Communists and sections of less extreme Radicals is reported from Dresden, where the parties are holding meetings and processions. One man was killed, five fatally wounded and twenty others were injured.

ARMED PIRATES ROB WRECKED STEAMER

LOS ANGELES, Sept. 27.—Sixteen armed men, believed to be from Santa Barbara, have taken possession of the liner Cuba wrecked on San Miguel Island. It is reported that they have already taken blocks, radio sets and aerials, nautical instruments, etc. worth \$100,000.

BRITISH SEAPLANE FAILS IN SEAWORTHINESS TEST

COWES, Isle of Wight, Sept. 27.—One of two British seaplanes entered for the international races for the Schneider sea trophy capsized and sank in deep water during a seaworthiness test for entrants this morning. The pilot was saved.

ITALY RETURNS CORFU TO GREECE

ATHENS, Sept. 27.—The Island of Corfu, occupied by Italian forces on August 11th, was returned to the Greek authorities this morning.

CARMI PIONEER BOOSTS ROUTE VIA McCULLOCH

Mr. J. C. Dale Claims Kelowna-Carmi Road Should Be Link In Trans-Provincial Highway

There appeared in last week's issue of the Greenwood "Ledge" a letter from Mr. Jas. C. Dale, of Carmi, one of the most widely known pioneers of the Kettle River country, strongly advocating the Kelowna-Carmi road via McCulloch as a link in the Trans-Provincial Highway, and urging the people of Greenwood to lend it their support in preference to the southern route in continuation of the Hope-Princeton proposal. The text of the letter is as follows:

"Editor The Ledge:—
"Dear Sir,—
"Some time ago I wrote a few lines to The Ledge about the proposed road from Carmi to Kelowna, setting forth some of what I believe investigation will prove to be the advantages of that route to the Greenwood district."

"In The Ledge of the 13th inst., I see that the Greenwood City Council has passed a resolution endorsing the Princeton-Hope Mountain route. This action of the Council, it seems to me, must have been taken without giving the matter the full consideration and investigation which a project so important to the district deserves. In the first place, the district is to get its share of the tourist travel, the road had better follow the Kettle River to the summit connecting with the road that is already built from there to Kelowna, and not turn off at Rock Creek, necessitating a climb over the mountain range between the Kettle River and the Okanagan and then over the range between the Okanagan and Similkameen and then over the Hope Mountains, making three summits to cross in place of two by the proposed Kelowna road."

"The Ledge article of the 13th quotes Messrs. A. S. Black and E. Waterman as stating that there would be required only 86 miles of road to build to connect our district with the Hope-Princeton mountain route; but I cannot see how they could reach this conclusion. There would have to be built practically a new road from Rock Creek to Princeton, the present road being only an ordinary dirt wagon road in very bad condition the greater part of it. So you see there would have to be built practically a new road from Rock Creek to Hope, if that route was adopted for the inter-provincial road."

"There are several other reasons why the Kettle River route is of more benefit to the Greenwood district; one of which is the fact that the route from Spokane via the Columbia river and up the Okanagan via Riverside, Wash., and Oroville would cut us off from practically all the tourist travel from the South."

"Now, Mr. Editor, I hope the Greenwood people will look a little more carefully and seriously into the merits of the two routes and lend their support to the Kettle River route, which I feel confident they will realize is the route to serve their best interests if they give it careful consideration."

"Thanking you for the courtesy in giving space to the communication, I am,
"Sincerely yours,
"JAMES C. DALE."

DECISIVE BATTLE IS BEING FOUGHT IN BULGARIA

SOFIA, Sept. 27.—"Bulgaria will fight to the last ounce of her strength not only her own battle but the world's struggle against Communism," stated Premier Zankoff in an interview today. The Premier asserted that Communism after shattering civilization in Russia was trying to do Bulgaria a similar injury.

A semi-official statement issued today says the revolutionary movement can be considered as approaching its end. According to the War Office, the decisive battle in the Communist uprising is being fought in the city of Ferdinand and the village of Berkowitza, which are four miles apart and half way from Sofia to the Danube.

NEW YORK PAPERS RESUME PUBLICATION

NEW YORK, Sept. 27.—With resumption of publication today individually by the New York morning dailies and the indication of the probable return to work of the striking members of the outlaid Web Pressmen's International Printing Pressmen's and Assistants' Union, the end of the walk-out which has been effective for the past nine days appears imminent.

FOOTBALL CHAMPIONS HONOURED

Winners Of The Robertson Cup Are Entertained At Largely Attended Banquet

Over fifty citizens representative of the community in general gathered at a banquet held in the Lakeview Hotel on Thursday night in honour of the victorious Kelowna football team, winners of the Robertson Cup and champions of the Interior. Mr. G. H. Tutt, President of the Kelowna Amateur Athletic Association, acted very acceptably as chairman, and was supported on either side by Mr. J. W. Jones, M.L.A., and Mayor Sutherland.

After all had done ample justice to a splendid repast, two hours were pleasantly spent with toasts, piano selections and songs, the function coming to a close at the eminently respectable hour of 11.15. Mr. J. Borthwick contributed the piano music, which was much appreciated, and songs were rendered by Messrs. Chas. Gowen, P. Holes and Whitehorn, all of whom had to respond to encores.

Previous to commencement of the toast list, loud applause greeted the appearance of the splendid Robertson Cup, which was borne in by Mr. Chester Owens, secretary of the Football Club, and placed upon the chairman's table.

In a few appropriate words, Mr. Tutt proposed "The King, Queen and Royal Family," which was given the usual loyal honours.

Mr. H. F. Chapin gave the toast of "The City Council," speaking with warm appreciation of the interest of the Council in sport and of the favourable reception accorded two years ago by that body to the proposal put forward by the Kelowna Amateur Athletic Association for the establishment of a recreation ground in the city Park. It was quite a heavy undertaking, he said, and it was up to the K.A.A.A. to make every effort to keep the interest and sinking fund payments up to date.

Ald. J. B. Knowles replied. He said the Council had been all the more ready to assist because of the fine quality of the sport carried on in the town, and they had done as much as they could with due consideration to financial conditions. They were proud of their local athletes, especially the football team, and would be glad to do anything further in their power in future to foster good clean sport in the community.

Mr. J. W. Jones, in a witty speech, during which he revealed himself as a former football player of no mean standing, proposed the toast of the evening, "The Kelowna Football Team." His interest in the game dated back forty years, he said, when he began kicking the ball, and he deemed it the king of all sports. "Playing the game" was a classic saying now, like its familiar sister, "It's not cricket," and he believed it to be derived from football, which had permeated deeply the morale of the nation. He mentioned occasions during the Great War when British Tommies went into action, dribbling a football in front of them, and he believed some of the winning Balkan nations must have seen some of those incidents, as they had taken up the game in Serbia and Bulgaria, and instead of flying at each other's throats, they were now challenging each other to football matches.

The game had thus broken down many of the prejudices of pre-war days. He recalled that twenty-eight years ago he had taken part in a provincial championship game in Saskatchewan. It was played on a July day, at Regina, in the presence of Lord Aberdeen, then Governor-General, with the temperature about 105 in the shade. He was one of the lightest men on his side, which won the match.

No team had brought greater renown to Kelowna this year than the football one, declared Mr. Jones. Their record was remarkable—twelve games played, none lost, and they brought home the bacon, the Robertson Cup. While the players were entitled to much credit, above all they were indebted to Tommy Pitt for his fostering care.

Mr. Jones took his seat amidst the thunders of applause that greeted Mr. Pitt's name, and the applause was renewed as that gentleman rose to respond to the toast. At the outset, he said he was obliged to correct Mr. Jones, as the record of the Kelowna

BOY SCOUT COLUMN

Troop First Self Last!

Edited by "Pioneer."

September 25th, 1923.
Orders by command for week ending
October 4th, 1923:

Duties: Orderly Patrol for week,
Owls; next for duty, Lynx.

Parades: The regular basketball prac-
tices will be held on Friday, the 28th
inst., and the combined Troop will
parade at the Scout Hall on Monday,
October 1st, at 7.15 p.m.

P.L. Hugh McKenzie has been ap-
pointed Secretary-Treasurer of the
Troop in the place of P.L. H. Mandie.
The Assistant Secretary, P.
P. Morden, has also resigned, so
this office is vacant at the present time.
Applications to transfer into the
Troop have been received from Cub
George Dunn and from Scout Pirie,
formerly of the Point Grey Troop,
Vancouver. Second Gordon Haug of
the Owls has handed in his resigna-
tion from the Troop on account of be-
ing in his third year at High School.
He has been a steady and faithful
member of the Troop since he was
transferred into it from the Cubs and
will be much missed, especially when
we wish some selections on the mouth
organ.

The following were absent from the
first Troop Parade held on Monday
last and are reminded of the Troop
rule in connection with failure to at-
tend two consecutive parades: Second
D. Buckland, Scouts H. Cunningham,
R. Weeks, J. Packham, G. Cooper, W.
Longley, I. MacLaren and J. Atherton
and Cubs C. Pettman, A. Hardy and
H. Davidson and Recruit D. McNaugh-
ton. In at least two instances we know
that it was impossible to attend but the
others have yet to explain.

A.S.M. R. Parkinson, the only sur-
viving member of the original Troop
has resigned as A.S.M. for the present
but we hope may soon find it impos-
sible to remain inactive while the Troop
itself still survives. Mr. Tommy Taylor,
who was almost an original member,
having somehow succeeded in getting
into it when he was ten years old, is
going to act as A.S.M. up to Christmas
at any rate and after that if he will
still be here. We are very glad also
that Mr. Alex. Smith is taking Mr.
Gayton's place as Assistant Cubmaster
and O.C. of Section B of the Cubs.

All former Scouts who are interested
in the proposed formation in Kelowna
of the Rover Scouts are requested to
attend a meeting to be held in the
Scout Hall on Friday, the 5th of Oc-
tober next, at 8.30 p.m. This meeting
is open to all former Scouts or Scout-
ers over the age of eighteen who have
been members of Troops in any part
of the world. Some people are a little
sceptical of the Rovers amounting to
anything in Kelowna, so we suggest
that it is up to our former Scouts to
show them that they are mistaken.

We have received a letter from the
Chief Commissioner for Canada, re-
questing us to help whatever com-
mittee may have been organized in
our community in connection with the
relief fund for Japan, with which we
are asked to co-operate in every way
possible. Needless to say, we shall be
most happy to do this but at the pre-
sent time we do not believe any such
committee has been formed locally.

GIRL GUIDE NOTES

The first meeting since the holidays
of the Girl Guides of Coy. I, was held
on Tuesday evening, when there was a
good attendance of all that is left of us
--no less than twelve having gone
East and West to college or school.
We wish them the best of luck where-
ever they may be. We were very glad
to welcome Guide M. Sutherland back
with us again. In spite of reduced
numbers, we are hoping for a winter
of increased activities.

We are greatly looking forward to
the visit of Mrs. H. D. Warren, of Tor-
onto, Chief Commissioner of the Cana-
dian Girl Guide Association, who is
coming to Kelowna on October 2nd
and will speak to all the Guides in the
Scout Hall at 7 p.m., and at a public
meeting in the Parish Hall at 8 p.m.
We are very fortunate to be able to get
Mrs. Warren in the Okanagan, and it
is hoped there will be a good turn-out
to hear her.

On Friday, the members of our As-
sociation met at the home of Mrs. J.
N. Thompson, Commissioner for Ke-
lowna District, at which a presentation
was made to Mrs. A. Carruthers,
Brown Owl, and Miss Keyes, Tawny
Owl, as a token of the members' ap-
preciation of the good work they have
done with the Brownies. It will be
difficult to replace them and we feel
that our loss is Australia's gain. One
cheering thought is we have Miss D.
Coubrough still with us as Brown Owl.
We could not wish for a better.

On Monday last, through the kind-
ness of Mrs. Dick, over thirty Brown-
ies were entertained at her home to
tea and had an opportunity of saying
good-bye to Mrs. Carruthers and Miss
Keyes. They also presented to their
Brown Owl an album of photos and to
their Tawny Owl a box of handker-
chiefs.

WINFIELD

Mr. Petrie has returned from a
motor trip to Seattle.

At the last Church of England ser-
vice held in the Community Hall, the
Rev. V. Despard announced that he
had no intention of resigning. This
was an answer to the rumour that he
intended resigning. An effort is to be
made to continue the services, and the
result will be made known shortly.

A meeting of fruit growers was held
in the Community Hall on Thursday
evening, Sept. 20th. The main sub-
ject discussed was the proposed mar-
keting of apples affected by brown rot.
The meeting was unanimous in the
opinion that this class of fruit should
be kept off the market. Mr. Coe
pointed out that, as those apples ap-
peared to be quite sound, there would
be nothing to prevent a retailer from
selling them as Extra Fancy apples.
Mr. Blakey also suggested that it
was within the bounds of possibility
that a retailer finding apples in this
condition among his crates might put
forward a claim for Extra Fancy.

We cannot understand the policy of
the Associated in ever thinking of
putting fruit of this class on the mar-
ket. It appears to us to be so in-
consistent when we consider the high
standard they are placing on their
fruit this year. In packing round the
packing house we notice apples being
culled for slight bruises and punctures,
which would have a higher value com-
mercially, if marketed, than this un-
sound fruit.

Winfield has decided to send an ex-
hibit to the Kelowna Fair. Mr. E.
Lawley has kindly consented to set out
the fruit, which should go a long way
towards making it a success.

Mr. F. Ore, from Vancouver, is
visiting his brother, Mr. E. Ore.

GLENMORE

The Glenmore Sunday School will
hold their Rally Day service on Sun-
day. The congregation and Sunday
School will unite in this service at
3.30 p.m. and there will be no evening
service. The speaker for the after-
noon will be the Rev. A. MacLurg,
of the Union Church. Mrs. Raymond
Corner will be the soloist. Decor-
ations and contributions of fruit and
vegetables from the Sunday School
will be used to make it a real Harvest
Home service. These gifts will be sent
to the Hospital. Come along and
bring a friend.

The Secretary of the Glenmore
Fruit Growers' Association has re-
ceived a communication from the Ex-
ecutive of the Associated Growers, in
answer to the resolutions forwarded
from the recent meeting, to the effect
that Jonathans, Extra Fancy, will be
packed according to the government
requirement of 40 per cent colour.
Also, they maintain their decision of
packing Macs, if the brown core does
not extend beyond the carpel.

Mr. and Mrs. Alfred Lawrence, of
Pasadena, California, who have spent
the summer in Eastern Canada and the
States, are visiting Mr. and Mrs. I.
Kerr, on their way home.

Growers are beginning to speculate
on what returns they may expect from
their Mac crop with present tree crack-
ing and prices. With so few Extra
Fancy being packed and the large
number of crates going out, how many
will average 60 cents per box? And
some of those crates! When they
reach the retailer, he can take out
probably over 25 per cent and sell
them for Fancy and even Extra Fan-
cy. A tiny spot on a 75 per cent
coloured apple weighing six ounces
isn't going to be sold for a fifth the
consumer will pay five cents for it
without a doubt.

Growers who picked over for Extra
Fancy colour up to the standard of
65 per cent, when visiting the packing
house, notice that the fruit in the Ex-
tra Fancy bins is about 90 per cent
colour.

A rancher with a small Mac acreage
had time to go over his trees care-
fully. He did this three times, getting
less than a hundred boxes of fruit, no
culls put in, the highest coloured. A
surprise awaited him when the final
came in--no Extra Fancy and five
boxes of culls. Can you beat this?

On top of this there has been much
discussion over the report in last
week's Vernon News of the price
cutting of Independent shippers. It
is difficult to imagine a shipper living
in our midst and knowing the position
in which growers stand today and the
dire straits some are put to to make
ends meet, doing anything so detri-
mental to the interests of his town
and fellow tradesmen whose business
depends on the rancher. Of course, if
the goods are below standard and there
is difficulty in disposing of them, one
can see the reason. If not, why do it?

The trip of Messrs. Grote Stirling
and H. B. D. Lyons to the Lower
Okanagan was interesting reading,
especially the part which read: "What
impressed them on their trip was the
fact that in the Similkameen no Jap-
anese are being employed in tomato
cultivation, the growers there doing
the tilling themselves."

The Yellow Peril confronts us. One
can read continual warnings in our
papers. A Coast paper this week
points out that another yellow cafe
has opened there, employing white
girls, and asks how long Canadians
will patronize these places. Last year
we heard of a packing house where a
Jap foreman bossed white men in Ke-
lowna district. The yellow race have
more than a foothold in our fair
province, as statistics prove, and our
regrets will be too late in a few years.
How many are attending school in Ke-
lowna?

The B. C. Egg Marks Act is to be an-
nounced at the next session of the Le-
gislatre in order to make it conform
with the Dominion regulations regard-
ing the standardization of eggs.

EAST KELOWNA

We have not been handed in any
news this week and have been too
busy picking McIntosh to collect any.
For those who have many McIntosh
trees it has been one of the worst pick-
ing seasons we have experienced. It
was almost impossible to get pickers
and the two wet days made matters
worse. It seems to us very unfair the
way packing houses corral the easily
obtained local labour, leaving to the
fruit grower the difficult task of getting
labour from a distance. Also hearing
of the scarcity of pickers, even the
Climamen put their wages up. Why
not? Everyone is out to soak the fruit
grower. The fruit grower spends his
own money and all he can borrow on
paying labour bills during spring and
summer and in the fall says to labour:
"Please help me to pick now, so that
I can recover what I paid you already
and can employ you again next year,"
and labour joyously cries: "Hurrah,
boys, the fruit growers are starting to
pick; they have a heavy crop and they
are hard up; they must get it off or go
bankrupt; let's soak them to the limit!"

Mr. Macfarlane, of the Associated
Growers, was busy getting McIntosh
for the Manchester Exhibition. This
was a difficult and slow job as only
fruit absolutely free from core rot
could be taken and there are not many
orchards in this condition.

We regret to hear Miss Jones-Evans
is not recovering from her accident as
rapidly as expected. The doctor has
ordered the injured limb complete rest.
It is very doubtful if she can teach a-
gain this term.

We hear our school football team
will again try conclusions with Mission
Creek on Saturday.

Mrs. Anderson, Miss Anderson and
Miss Hickson paid a round of visits on
the Benches prior to their return to the
Old Country via the Panama Canal.

The camp at Hydraulic for the S. E.
K. I. D. is now opened.

DON'TS FOR HUNTERS
(Issued by The Game Conservation
Board)

Do not destroy fences or property
of the farmer, and always ask for
permission to shoot over his prop-
erty.

Do not shoot at anything in the bush
unless you are sure of what you are
shooting at.

Do not go out hunting until you are
acquainted with the game laws.

Do not forget to make sure it's a
buck. It may be a doe, a cow or a
man. How would you feel?

Do not destroy advertising or other
signs posted in the district in which
you are hunting.

Do not enter a boat or car with a
loaded gun or rifle.

Do not discharge firearms from an
automobile or other vehicle, as it is a
very dangerous practice, and is also
against the law.

Do not forget to leave a clean camp
and a clean record. You may want
to come back.

Be a sportsman--not just a cheap
sport.

Do not shoot harmless wild life--
shoot crows, magpies, coopers and
sharp-shinned hawks and great horned
owls; they do more harm than good.

Do not throw lighted cigar or cig-
arette butts in the bush, or leave light-
ed fires in the camp. Protect your
forests and your game.

Do not forget to report violations of
the Game Act to the nearest game
warden or provincial constable, as by
this means better protection can be
afforded the game, and you will have
better shooting.

Do not forget to carry your fire-
arms licence when out hunting, as this
is necessary under the Game Act, and
it also helps the game wardens in per-
forming their duty.

Do not forget to try and make the
farmer your friend, as you will in this
way be able to obtain better shooting.
Report all forest fires to the nearest
fire warden or game warden or provin-
cial constable.

Things That Are Unlawful
Always remember that it is un-
lawful to use any automatic, swivel
or machine gun or battery or any gun
larger than a 10-gauge, or a pump gun
without a permanent plug.

To hunt game of any kind from one
hour after sunset to one hour before
sunrise.

To carry loaded firearms in or dis-
charge same from an automobile or
any other vehicle.

To carry firearms in an automobile
during the close season on game birds
without being in possession of a per-
mit issued by the Game Conservation
Board.

To kill golden or silver pheasants.
To hunt quail, pheasants, prairie
chicken, partridge, when snow is on
the ground.

To use pit lamps or lights of any
description at any time for the pur-
pose of hunting game animals or
birds.

To carry firearms or traps without a
licence.

To hunt game birds from any sail-
boat, powerboat or aeroplane.

To use any other person's licence or
to loan or transfer any licence under
any circumstances.

To trap bear.

To hunt on game reserves, bird
sanctuaries or other proscribed areas.

To hunt game birds from an auto-
mobile or any other vehicle either on
or off a highway.

Keep This As A Reminder

WHICH FACE
It was lunch hour at the lime
works, and Pat's two buddies, decid-
ing to play a little joke on him dur-
ing his absence, drew the features of
a donkey upon the back of his coat,
which he had left behind. In due time
Pat returned, and presently hove in
sight bearing the lime-decorated coat.

"What's the trouble, Pat?" asked
one, trying to appear indifferent.
"Nothing much," replied Pat, equal-

Old Friends Are Good

Some time ago we asked for let-
ters from folks who have been
friends of Pacific Milk for many
years. It brought a splendid lot of
letters, and to know that there are
among us people who have stayed
loyal to a British Columbia pro-
duct straight through the years is
indeed a reason for gratitude. We
should like to know more of the
old friends--and to the one of
longest standing we shall send a
case of Pacific Milk FREE.
Please state when and where you
first started using it.

Factories at Ladner and Abbotsford, B.C.

CEMENT INDUSTRY IN BRITISH COLUMBIA

THE OFFICIAL OPENING of the Canadian portion of the Pacific Highway between New Westminster and Blaine, Washington, with nearly twenty miles of concrete road, seems an opportune time to give a short history of the cement industry in British Columbia. Its career has been a very chequered one, and for the amount of capital required to establish a cement plant, the results on the whole have been disappointing.

It is just twenty years ago that a Mr. J. K. Fisher built a small cement plant on False Creek with the idea of supplying the local demand in the province. This industry early got into financial difficulties and was sold to the Canadian Pacific Railway, who, however, abandoned the project after a short time.

The next plant was built by Mr. R. P. Butchart and associates in 1904 at Tod Inlet, about fifteen miles from Victoria. Mr. Butchart is one of the pioneers in the cement manufacturing business in Canada, having established a plant at Owen Sound, Ontario, over thirty years ago.

Mr. Butchart, in association with his friends, established a chain of cement plants in Montreal, Que., Lakefield, Ont., Calgary, Alta., and Tod Inlet, B. C. The plants at Calgary, Lakefield, Owen Sound and Montreal were merged in 1909 into the Canada Cement Company, but the Tod Inlet plant, under the trading name of the Vancouver Portland Cement Company, Limited, continued an independent company supplying the demand in British Columbia, with Mr. Butchart as its directing head. This company was owned by Mr. Butchart and powerful financial interests in Eastern Canada. When the plant was built in 1904, its capacity was three hundred barrels per day, but this was steadily increased until 1912, when its capacity was enlarged to three thousand barrels per day. The story of the years from 1904 to 1912 is one of steadily expanding business, but since that time the demand has fallen away tremendously. As an illustration of this, a plant which in 1912 may be mentioned that in 1912 the demand in the province rose to 1,389,420 barrels, but fell away in 1918 and 1919 to respectively 106,544 barrels and 105,161 barrels.

In 1912, the Associated Portland Cement Manufacturers, Limited, of London, England, who are the premier cement manufacturers in Great Britain, built a plant at Bamberton, Saanich Inlet, about 17 miles from Victoria, with a capacity of two thousand barrels per day, under the trading name of the Associated Cement Company (Canada) Limited. Due to very adverse trading conditions, this plant was shut down at the beginning of 1916 and did not re-open until 1921, after nearly five years of inactivity. At the end of 1918 the cement used in the province had fallen to such very small figures that an amalgamation was formed between the Tod Inlet plant and the Bamberton plant, under the name of the British Columbia Cement Company, Limited, in order that the industry might survive at all.

Mr. R. P. Butchart was appointed president of the new company, in which position he still remains. Mr. Butchart resides at Tod Inlet, where he takes the most active interest in everything pertaining to the business and manufacturing operations. It will not be out of place here to mention that he takes the keenest interest in the famous gardens which surround his beautiful home, both of which have been such a source of pleasure to the people of British Columbia and visiting tourists.

As previously stated, the capacity of the Tod Inlet plant is three thousand barrels per day and that of the Bamberton plant is two thousand barrels per day, making a yearly capacity of 1,500,000 barrels. As the sales in 1918 and 1919 constituted only one-fifteenth of the combined capacity of both plants, it will give some idea of the financial stringency which faced the cement industry after the close of the war.

Mention must be made of another cement plant which was built in 1912 and 1913 at Princeton, in the Similkameen district of British Columbia. Between \$500,000.00 and \$600,000.00 of this company's stock was sold and largely purchased by the people of British Columbia to construct this plant, which, however, only manufactured eight thousand barrels of cement before it got into financial difficulties. The company went into liquidation and the plant was sold.

and only realized the small sum of \$25,000. The promotion of this plant was a disaster of the first magnitude as the money obtained to build it was subscribed by people in the Okanagan, Vancouver and other places in British Columbia, who could ill afford to lose their hard-earned savings.

We are now brought to the year 1919, with the demand in the province supplied by the two plants of the British Columbia Cement Company, Limited, situated at Tod Inlet and Bamberton, B. C., with a total capacity of 1,500,000 barrels per annum. Throughout the whole of 1919, 1920, 1921, 1922 and right up to date, the demand has not exceeded one-fifth of the company's annual capacity, and in consequence it has been found necessary to keep the Tod Inlet plant closed since the first of June, 1921. At the present time the Bamberton plant is only operating to one-half capacity and will have to close down in about two months, with the stock house full of cement.

The British Columbia Cement Company, Limited, have \$3,500,000 invested in their two cement plants at Tod Inlet and Bamberton. Both plants are equipped with the latest cement manufacturing machinery and turn out Portland Cement of the very highest grade. All possible demands in the province can be taken care of for many years to come, and in an effort to get rid of the surplus capacity the company has installed a barrel cooperage at Bamberton for making wooden barrels, so that cement can be shipped for export. A slight measure of success has met its efforts so far, but shipments have been made in Chile, Guatemala, Salvador, Mexico, Suva, Fiji, Australia, New Zealand and the Philippines. The aggregate of the export business does not run into very large figures, however, and at present European cement manufacturers, owing to low labor costs and depreciation of the dollar, are securing all available export business, and may dump their surplus production into British Columbia.

The company, therefore, still faces the disappointing probability of having to keep the Tod Inlet plant closed down for a long time through lack of trade. When one contemplates that over \$2,000,000 is invested in the Tod Inlet plant, and that the annual capacity of 900,000 barrels of Portland cement is lying idle, it makes one wonder why more concrete roads are not built, such as the Pacific highway, which is entirely a home product. It is a well-known fact that the British Columbia Cement Company, Limited, in order to keep their employees in work, and to promote concrete work, have for the past four years been selling to the Provincial Government cement at cost price. Concrete roads are the finest of all permanent pavements and it is to be hoped that the authorities will adopt them to a much greater extent than has been the case up to the present time.

The British Columbia Cement Company, Limited, are large users of coal, which helps to keep their mines of the province busy. Furthermore, there are about 400 other commodities which are used for the operation and upkeep of a cement plant, so that one does not need to think very long to see how beneficial it would be if these two fine plants could be kept in operation continuously. The history of the cement business in the province has, taken on the whole, been disappointing in the last twenty years, and it is to be hoped that some effort will be made to get the two plants operating continuously before any more cement plants are projected. The people of Vancouver, the Lower Mainland and the Okanagan will long remember the \$500,000 which was wasted at Princeton. Overlapping or over-production in any one line of industry is bad for the growth of the province and its future progress. Such conditions have too often occurred in British Columbia already, leaving nothing but a sense of disappointment to the investing public, and an actual waste of our financial resources. In conclusion, one cannot but take pleasure in the fact that the Canadian portion of the Pacific Highway is at last paved from New Westminster to the International Border and that a product called all which can be truly called a "British Columbia Concrete for Permanence" is a slogan viewed with favour by municipalities, cities and our provincial government when considering the construction of further roads throughout the province.

THE PRAIRIE FRUIT MARKET BULLETIN

Current Prices and Market Conditions (From the Weekly Bulletin issued by J. A. Grant, Fruit Markets Commissioner, Calgary.)

Calgary, Sept. 22, 1923.

The weather this week has been cool and dry up to Friday, with little sunshine. Today (Friday) looks wintry and about an inch of snow has fallen.

The fruit and vegetable trade has been fair at both country and city points.

Local vegetables are beginning to give place to B.C. produce. There is a good demand for pickling stuff including green tomatoes, which are very scarce.

Shippers should note that most of the pickling is done by housewives here in September. The earlier supplies are hard to move on this account.

Celery is again in demand. The onion market is good with considerable movement. Prices have advanced \$5 per ton, which is general all over the Northwest.

Prunes are booked at firm prices, and are wholesaling at 70 cents, and retailing at 75 cents. The market is cleaning up on them.

Transcendent crab apples are a drug on the market. We see some retailing at 75 cents and some are on consignment (Sunbrite Brand) to the retail trade.

The Doukhobors of Grand Forks are rolling their Italian prunes to Calgary on consignment, to two firms.

The B.C. shippers have shown good judgment in the Wealthy apple deal. So far no McIntosh apples have arrived on the market, and in order to clean up about 40 cars of crated Wealthies, prices were dropped to 75 cents per crate F.O.B. shipping point. These are being picked up by the trade very rapidly.

A car of Hatzic pears (Boussocks) arrived on this market during the week and sold at \$2.00 wholesale. They cleaned up in one day.

Vernon Wealthies arriving slightly under-ripe. Pentiction Wealthies arriving in good condition.

Calgary Wholesale Prices

Apples, McIntosh Red No. 1, per box	\$2.25
Gravenstein & Wealthy, No. 1, per box	1.75
Wealthy, per crate	1.50
St. Lawrence, crate	1.50
Pears, Bartlett, Fancy, per box	3.75
box, \$3.50 to	3.00
ditto C grade, per box	2.50
Flemish Beauty, per box	3.00
Peaches, Wash. Elberta, per box	1.45
box, \$1.40 to	1.45
B.C. Crawford, Elbertas, \$1.40 to	1.45
Plums, B.C. Bradshaw No. 1, \$1.15 to	1.25
B.C. Pond's Seedling, No. 1, per box	1.50
Prunes, B.C., per box, 70c to	1.75
Crab apples, Hyslop, per box	1.75
Strawberries, per crate	3.50
Cranberries, per 50-lb. box	8.50
Grapes, Tokay	4.50
Tomatoes, Local H.H., per lb.	.15

Pickling Onions, per peach box	1.75
Cucumbers, per peach box, 1 to 1.25	.02 1/2
Citron, per lb.	.02 1/2
Marrow, Squash and Pumpkin, per lb.	.02
Turnips, Beets, Carrots, per doz.	20
bunches	
Green Corn, being jobbed at any price	
Onions, B.C., per lb.	.02 1/2
Potatoes, B.C., per lb.	.01 1/2
Potatoes, Local, per lb.	.01

Calgary Car Arrivals

Sept. 13th to 19th

B.C.: 13 mixed fruit and vegetables; 6 apples; 5 mixed fruit; 1 mixed vegetable; 3 prunes; 4 plums; 1 pear.

Imported: 2 pears; 3 peaches; 2 grapes.

Edmonton

EDMONTON, Sept. 19. — This market is still getting crated apples by express. These are coming from Chilliwack. This looks foolish on the part of the grower and unfair to the commission agents here. The express on a crate of apples is around \$1.30 and the price here is \$1.40 to \$1.60.

Approximate Wholesale Prices:

Apples, B.C. McIntosh, Fancy, per box \$2.50 || B.C. Wealthy Gravenstein, per box | 2.00 |
Fancy, box, \$1.75 to	1.50
ditto in crates	1.50
Pears, B.C. Flemish Beauty, Fancy, box	2.75
Crab apples, Hyslop, per box	1.75
Peaches, Elberta, per box	1.40
Crawford, per box	1.50
Plums, 4 bskt.	1.25
Tomatoes	1.25

Car arrivals Sept. 9th to 15th:

B.C.: 7 prunes; 7 apples; 15 mixed fruit; 1 tomato; 1 onion; 1 mixed fruit and vegetables.

Imported: 2 peaches; 2 pears; 2 mixed fruit.

Medicine Hat

MEDICINE HAT, Sept. 20.—The wholesale trade is very slow. Very little demand for apples.

Saskatoon

SASKATOON, Sept. 20.—Fruit business active. Most of the fruit arriving from B.C. and is very fine. McIntosh apples are beginning to come in. Wealthies in crates exceptionally large, many of them good colored. Hyslop peaches good size and fine condition, very few being over-ripe.

Car arrivals, Sept. 13th to 19th:

B.C.: 15 mixed fruit; 11 apples; 6 prunes; 3 mixed fruit and vegetables; 1 peach.

Ont.: 1 grapes; 1 mixed plums and grapes.

Imp.: 2 peaches; 1 mixed fruit.

Swift Current

SWIFT CURRENT, Sept. 18.—The weather has been ideal in this district for harvesting, and threshing is general.

B.C. fruit has been moving better the past ten days than it has in this district for some years.

There is a big demand for prunes, peaches and pears, also crab apples.

Wealthies have been coming in in wonderful condition, both wrapped and crates being exceptionally good pack. Car arrivals from Sept. 12th to 19th: Wash.: 2 peaches and prunes.

B.C.: 2 mixed fruit and vegetables; 7 mixed cars to country points.

Regina

REGINA, Sept. 19.—The market has been fairly active on all lines and the demand from the country has been heavy. Wealthy apples have been arriving in very fine condition and the Fancy pack has shown on the whole very good colour. Ontario tomatoes are again on the market and are a good sample, also grapes and cantaloupes.

Car Arrivals, Sept. 13-19, inc.

B.C.: 7 apples; 15 fruit and vegetables; 2 prunes; 5 mixed fruit.

Man.: 1 cabbage; 1 melon.

Ont.: 1 fruit and vegetable; 1 grape.

Imported: 2 peaches; 1 sweet potato.

Wholesale Prices:

Peaches, \$1.50 to	1.65
Imp. Onions, Yellow Standard, per cwt.	3.50

Vancouver

VANCOUVER, Sept. 18.—As will be noted in the list of imports, there has been a considerable falling off in all lines but peaches. This condition is due to the increased receipts of B.C. products. The market is now liberally supplied in all lines but the exception mentioned.

Bartlett pears from the Lower Mainland and Vancouver Island are moving as low as \$1.25 per box unwrapped. These are poor culls but pears of good quality. The price ranges up from this to as high as \$3.00 for the best grade with the bulk of the sales nearer the lower figure.

Apples are also plentiful at \$1.00 per box up, the low figure being for crated fruit of small size. McIntosh Reds from the Okanagan came in during the week with the deal in Wealthies is in full swing. A few Jonathans have been brought in from across the line.

Heavy stocks of Italian prunes are in and the price has been declined to the low level of 50c per box in order to effect sales of sufficient volume to take care of the supply.

Peaches continue to arrive in increasing volume from the neighbourhood of Washington, the volume during the past week being the heaviest so far this season. The price has held steadily at \$1.25 per box. The receipts from B.C. sources continue to be negligible by comparison.

In the tomato deal the Upper country shipper is up against a heavy local drop as far as the cost is concerned. Growers on the Delta are selling to peddlers at 2c per lb., the same low price being also quoted to many retailers. This trading is done away from the "Row" and has the effect of slackening up sales there.

The upper country is shipping cantaloupes more freely this year than ever before. Some shipments have arrived in a soft condition but later arrivals have been more satisfactory. Honeydew melons have also been shipped from this source. It appears there are good possibilities for the marketing of these lines if the market requirements are met. The greater part of the imported cantaloupes come in standard crates containing two sizes, 36 and 45 to the crate. The duty is 3c per cantaloupe regardless of size.

The following produce was imported during the week ending Sept. 11th:

Apples, Jonathan, Wash., 118 boxes.

Crab Apples, Wash., 1 box.

Bartlett, Wash., 2,498 boxes.

Peaches, Elberta, Wash., 21,064 boxes.

Prunes, Italian, Wash., 302 boxes.

Emmons, Cal., 3 cases.

Oranges, Cal., 3,041 cases.

Grapes, Cal., Tokays & Malagas, 1,548 lugs.

Grapes, Concord, and Moore's Early, Wash., 30 baskets.

Cantaloupes, Wash., 555 crates.

Bananas, 1,555 bunches.

Green Peppers, 111 crates.

Sweet Potatoes, 2,572 lbs.

Honeydew Melons, Wash., 2 crates.

Watermelons, Wash., 2 crates.

The Great West Life Assurance Co.
Head Office, Winnipeg, Man.
Result of Policy in Vancouver
A gentleman connected with
the Bank of Commerce in Van-
couver, on Sept. 1st, 1908, had a
20 Payment Life policy issued
to him by The Great-West Life
Assurance Co.
The quinquennial dividends
were accumulated to lessen the
number of payments.
On Sept. 1st, 1922, fourteen
years from the date of the policy
it was fully paid up, and he re-
ceived in cash \$20.65.
It was really a 14 Payment
Life.
He will receive dividends on
this paid up policy as long as he
lives.
CHARLIE FOWLER
Kelowna Agent.

THE KELOWNA COURIER
AND
Okanagan Orchardist.

Owned and Edited by
G. C. ROSE.

Circulation, 1,200

SUBSCRIPTION RATES

(Strictly in Advance)

To any address in the British Empire
\$2.50 per year. To the United
States and other foreign countries
\$3.00 per year.

The COURIER does not necessarily
endorse the sentiments of any
contributed article.

To ensure acceptance, all manuscript
should be legibly written on one
side of the paper only. Typewritten
copy is preferred.

Letters to the editor will not be ac-
cepted for publication over a "nom-
de plume"; the writer's correct name
must be appended.

Contributed matter received after
Wednesday noon will not be pub-
lished until the following week.

ADVERTISING RATES

Classified Advertisements—Such as
For Sale, Lost, Found, Wanted,
etc., under heading "Want Ads." First
insertion, 15 cents per line; each
additional insertion, without
change of matter, 10 cents per line.
Minimum charge per week, 30
cents. Count five words to line.
Each initial and group of not more
than five figures counts as a word.
Filing fee for box numbers, c/o
The Courier, if desired, 10 cents
extra.

Transient and Contract Advertisements

Rates quoted on application

Legal and Municipal Advertising—

First insertion, 15 cents per line;

each subsequent insertion, 10 cents

per line.

Contract advertisers will please note
that, to insure insertion in the cur-
rent week's issue, all changes of
advertisements must reach this
office by Monday night. This rule
is in the mutual interests of patrons
and publisher, to avoid a congestion
on Wednesday and Thursday and to
facilitate publication of The Courier
so as to reach country customers
before Saturday.

Orchard Run

FALL FAIR NEXT WEEK

This is a last reminder to one and all
that Kelowna's Fall Fair will be held
next week. Tuesday will be devoted to
judging and the exhibition building will
be open to the public on Wednesday
and Thursday. Most of the exhibits are
required to be at the hall by Monday
evening. Detailed information as to the
prizes offered and the regulations gov-
erning exhibits is given in the prize
list, copies of which may be obtained
from the Secretary, Mr. H. G. M. Wil-
son, of Mantle & Wilson, Ltd., Ber-
nard Ave.

A programme of good, live sport will
be provided on the afternoon of the
two open days, and there will be a
number of side-shows and amusement
features for young and old. So let all
forget their troubles for the time being
and hie them to the Fall Fair!

This is a crucial year in the history
of the Agricultural Society, and it de-
pends upon the results of this year's
exhibition whether the existence of the
Society will continue. Not only a large
attendance and corresponding revenue
in gate receipts will be required but
there must be a good showing of ex-
hibits to give the Directors encourage-
ment and warrant them to carry on.
They are working hard in the interests
of the Society and, although busy men,
are giving their time without remunera-
tion or even hope of thanks, and the
least that the community can do is to
back them up to the utmost limit with
a bumper attendance and a hall and
yard crowded with exhibits.

A BAND

Once more the problem of carrying
on a good brass band in Kelowna has
boded up for solution, the erstwhile
City Band apparently being moribund.
At least, nothing has been heard of it
in a literal sense during the past sum-
mer and practices apparently have been
abandoned. It has been suggested that
the usual subscription list be circulated
to provide funds for the purchase of
instruments, but it is only three years
since a substantial sum was collected
for this purpose and a tag day held.
What has become of the money or of
the instruments, if purchased?

It seems difficult to carry on a band
in Kelowna as a permanent organiza-
tion. The first one dates as far back
as 1894, but there has been no contin-
uity of existence, and it would be
interesting to know how many sub-
scriptions have been taken up each
time a new start was made. The most
practical solution of the chief cause of
expense, the instruments, would be to
vest them in the City as trustee, to be
issued to individuals only upon a re-
ceipt and bond calling for their return
to the City's custody upon the bands-
man concerned resigning from the band
or leaving the town or upon the band
going out of existence. In the event
of some such system being inaugurated,
the whereabouts of every instrument
could be traced in the case of the
band becoming moribund, and they
could be gathered in so as to be on
hand for a fresh start, or their value
could be recovered from those re-
sponsible. Without some provision of
this sort, it is not very likely that much
enthusiasm will be shown in contrib-
uting to a fresh purchase of instruments
for band purposes.

Some idea of the amount of traffic
over the new Pacific Highway can be
gleaned from the fact that no less than
24,578 cars crossed the border at
Blaine from July 1st to September 10,

LOCALS

Mr. A. C. Poole left today for Tor-
onto on a combined business and pleas-
ure trip. He expects to be away about
six weeks.

The many friends of Mr. Kingsley
Morgan will be glad to know that af-
ter a severe operation for appendicitis
he is now making a speedy recovery.

Very many friends will be glad to
hear that the condition of Miss Mary
Stillingfleet, who is a patient at the
Kelowna General Hospital, is improv-
ing.

Mrs. Asher, of the teaching staff of
the Public School, made a trip to Ver-
non over the week-end in order to visit
her father, Mr. J. Short, who was seri-
ously ill, but who, we are glad to
state, is now recovering.

The Right Rev. J. C. Farthing, D.D.,
Bishop of Montreal, will be a visitor to
the city next week and will address a
meeting on October 5th in the Parish
Church on the general work of the An-
glican Church in Canada.

We are requested to state that Mrs.
H. Williams was elected recording sec-
retary of the Parent-Teacher Associa-
tion at the annual meeting of that or-
ganization held last week, and not Mr.
A. Smith, as announced by the chair-
man, in error.

Miss M. R. McClung, successor to
Miss J. M. Hardy in the position of
Public Health Nurse for the Kelowna
district, arrived here last Thursday
from Vancouver. Miss McClung until
recently was in the Public Health Ser-
vice of the Manitoba Government.

The Rev. C. E. Davis, M.A., T.C.D.,
Vicar of Golden, is coming to Kelowna
early next month and will have charge
of the outlying stations of the Anglican
Church in this district, an arrangement
which will relieve the Ven. Archdeacon
T. Greene of a large portion of his ar-
duous duties.

Mr. E. F. Hutchings, President of
the Great West Saddle Company of
Winnipeg, accompanied by Mr. and
Mrs. R. J. Hutchings, motored to
city on Tuesday from Vernon and spent
the time here looking up old friends
and making a short tour of the Benches,
leaving the same evening for Pen-
cilton.

Mr. P. C. A. Anderson, of Vancou-
ver, a former resident of the city, was
a passenger on the s.s. "Sicamous" re-
sulting in his death. He was accom-
panied by his daughter, Patsy, and his
daughter-in-law, Mrs. O. A. Anderson,
who are making quite a reputation for
themselves as classic dancers on the Chautauqua
circuit. They were on their way to
Salmon Arm after having given an
exhibition of their skill at Summerland.

Mr. and Mrs. A. Fleming and family,
of Salmon Arm, motored to town on
Tuesday and are spending a few days
with Mr. and Mrs. B. Kernaghan. On
leaving Vernon they took the wrong
road and travelled towards the head
of Okanagan Lake, eventually reaching
the Westbank ferry wharf by way of
the Westshore road. They describe
this route as passable, as long as no
car is met coming in the opposite di-
rection, but very rough going.

On Sunday morning at 11:45 the fire
alarm was sounded, a blaze having
started in the dumb waiter shaft at the
Kelowna General Hospital. The Bri-
gade made a wonderfully quick re-
sponse, getting away from the fire
Hall before the seven had ceased its
wails, and the fire was extinguished by
the use of chemical. No damage was
done to any part of the building ex-
cept the shaft of the dumb waiter,
which was put out of commission.

At the regular meeting of the Kelowna
Women's Institute, which took
place yesterday afternoon at the Elks'
Hall, Miss J. M. Hardy, who had been
offered a position at the Saanich Health
Centre, handed in her resignation as
Public Health Nurse for this district,
which was accepted. The members of
the Institute decided to offer a special
prize for the best collection of fancy
work exhibited at the Fall Fair, and
to serve afternoon tea on both days.

A meeting of car owners who had
joined the British Columbia Auto-
mobile Association took place at the Pal-
ace Hotel last evening. Twenty-six
were present and the chair was taken
by Mr. E. W. Wilkinson, Mr. E. O.
MacGinnis acting as secretary. After
discussion and the reading of a vot-
ed resolution, it was unanimously
dissolved and the meeting of that asso-
ciation and this was done, after which
a branch of the Automobile Club of Bri-
tish Columbia was formed for Kelowna
and district.

Now that the summer season is over,
basketball enthusiasts are busy arrang-
ing for their favourite winter pastime
and a meeting will be held by them in
the Board of Trade Hall tomorrow
evening for the purpose of making ar-
rangements for the coming season.
Last winter this place had an excep-
tionally large number of players, and
the expectation is that still more will
enjoy the sport this season. It is ex-
pected that most of the games will be
played in the Scout Hall, and that it
will be necessary to allot hours for the
different teams. The Kelowna Basket-
ball Club has been self-supporting for
the past four years, but is looking for-
ward to receiving some financial as-
sistance from the K. A. A. C., so that
more matches can be played out of
town and that the club can compete
for the Okanagan championship, for
which a fine cup has been donated.

The cannery at Cawston is putting
up about 250 cases of tomatoes per day,
the product being shipped steadily to
Calgary, Edmonton, Saskatoon and
other prairie points.

The construction of the Second Nar-
rows Bridge, which will afford direct
traffic between Vancouver and North
Vancouver, was commenced on the 13th
of this month. It is expected that at
least eighteen months will be required
to complete this structure.

NEW LAMP BURNS 94% AIR

Beats Electric or Gas

A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. Government and 35 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, is simple, clean, safe. Burns 94% air and 6% common kerosene (coal oil).

The inventor, J. B. Johnson, 579 McDermot Ave., Winnipeg, is offering to send a lamp on 10 days' FREE trial, or even to give the lamp to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency, and without experience or money make \$250 to \$500 per month.

Announcements

Fifteen cents per line, each insertion; minimum charge, 30 cents. Count five words to line. Each initial and group of not more than five figures counts as a word.

Dr. Mathison, dentist, Willits' Block, telephone 89. * * *

E. J. PETTIGREW, Painter, Phone 431; Box 316. 36-tfc.

For The Best, Go To Alagard's. 45-tfc

The question of whether Cariboo, Haynes and Pear Lakes, near McCulloch, are to be closed to fishing has not yet been settled. The Department of Fisheries is awaiting a report from land before making a decision. * * *

The B. C. Department of Education has gone on record as being in favour of an educational survey of the present system, as to secure suggestions as to how it can be improved.

Local and Personal

Mrs. J. P. McGarrity returned home from the Coast on Monday.

Mr. L. A. B. Hutton, of Calgary, is the guest of Mr. and Mrs. J. H. Broad.

Mr. R. Haldane has sold out his jitney business to Mr. Charles Shillingford.

Mrs. J. A. Wilkie is leaving next Monday to join Mr. Wilkie, who is now living in Aberdeen, Wash.

Miss E. MacGlashan, who had been visiting Mr. and Mrs. D. K. Gordon, returned on Monday to Vancouver.

Mr. Wm. Mudge is now able to be round and about after a long siege of sickness at the Kelowna General Hospital.

Mr. F. W. McLaine, of Vancouver, inspector for the Globe Indemnity Company of Canada, is staying at the Lakeview.

Mr. Frank Latta returned last week to Saskatoon, where he will continue his studies at the University of Saskatchewan.

Mr. H. Tutt, of the Dominion Express Company, is taking a holiday, which he is spending in visiting points in this district.

Mr. Grote Stirling went to the Coast on Thursday by car. He was accompanied by the Misses Gwendolen and Barbara Grote Stirling, who will study at the University of B. C.

The Toronto "Saturday Night" of the 22nd of this month contains an excellent photograph of the Kelowna Regatta together with a short but eulogistic write up of that event.

Young Jack Stewart, of East Kelowna, who had his arm broken last Saturday through a fall from a bicycle, was taken on Monday to the Kelowna General Hospital, where his injury was attended to.

Miss L. E. King, who was at one time teacher of domestic science at the Kelowna High and Public Schools, was the guest of Mrs. M. Edwards and other friends over the week end on her way to Toronto.

Mr. C. G. McBride, manager of the Okanagan Branch of the B. C. Poultrymen's Exchange, Vernon, has been transferred to Victoria. A new manager for the Okanagan Branch is to be appointed this evening.

Mr. J. L. Gayton, of Summerland, formerly of the teaching staff of the Kelowna Public School, was a passenger on the s.s. "Sicamous" on Saturday en route to Brandon, where he will take a course in arts at Brandon College.

Mr. George W. Cunningham received the sad news on Monday of the death of his sister, Mrs. R. N. Walsh, of Huntingdon, P. Q. The deceased lady died last Sunday, following an operation at the Montreal General Hospital.

Oyama Irrigation District has been constituted under Letters Patent published in "The British Columbia Gazette" last week. Its area includes portions of Sections 1, 2, 11, 12 and 14, Township 14, Osoyoos Division of Yale District.

Mrs. H. F. Rees, who won the trophy in 1921, was again successful in capturing the Stirling Salver, the competition for which was held on the Kelowna Golf Links on Tuesday, eighteenth holes medal play. The Salver was won last year by Mrs. J. W. N. Shepherd.

Mr. Wm. Crawford, who has been acting as cicerone to the tourists who have visited the city this summer, is in receipt of a large number of letters from all points of the continent and Europe, thanking the Board of Trade and people of this place for courtesies received.

From Monday, October 1st, postage stamps will not be recognized in payment of stamp taxes on cheques, notes, receipts, drafts and other documents requiring the affixing of stamps, and excise stamps only must be used, which are procurable at the Customs Office and the local banks.

Mr. H. N. De Hart made a nice clean-up at the Armstrong Fair, his Barred and Silver Pencilled Plymouth Rocks capturing no less than eight prizes out of a possible nine in those classes, including five firsts, two seconds and one third. He hopes to repeat this at our own Fall Fair.

A shower tea was given at the home of Miss E. Batchelor, Woodlawn, last Thursday in honour of Miss Phyllis Kentball, whose marriage to Mr. J. Kitson took place yesterday at St. Michael and All Angels. Sixteen guests were present and Miss Kentball received many useful and beautiful gifts.

Box-holders are receiving printed reminders from the postal authorities to place their name and address on the outside of their letters and parcels, so that any such articles can be returned promptly unopened, if they cannot be delivered. Undeliverable articles with no name and address on the outside have to go to the Dead Letter Office.

Dr. P. A. M. Lyster, of Montreal, who has paid this district several visits in the past, arrived in town again during this week and has made up his mind to settle here and start a practice. He is a graduate of McGill University and for eighteen months was surgeon at the Royal Jubilee Hospital, Montreal. Mrs. Lyster and family will join him later.

The Post Office and the Customs Office both made rapid moves of location at the week-end, exchanging quarters. All equipment was transferred and both offices were open for business as usual on Monday. The new arrangement has provided the postal staff with greatly enlarged accommodation, while the Customs will have ample space for requirements.

The firm of Geo. Rowcliffe, Ltd., reports that advices reaching them from prairie points indicate that this year, has been a much better one for the prairie farmer than 1922, and that this improvement is reflected in collections. The management state that there is a very good demand for McIntosh apples at the present time, and that other fruits have moved well this season.

On Saturday afternoon a special meeting of the Red Cross Society was held at the home of the President, Mrs. J. W. Jones, in order to discuss what should be done by the society in the way of contributing to the fund for Japanese relief. It was unanimously decided to forward one hundred dollars through the City Council for assistance to the sufferers from the recent earthquake.

Those who intend to take part in the photo contest arranged by the management of the Empress Theatre should bear in mind that the pictures must reach Mr. F. W. Simmons before the end of this month. Now that the weather has turned fine again there will be ample opportunity to obtain good views before the end of this week, after which the chance of winning twenty free admissions to the theatre will be a thing of the past.

Most of the small sloughs in the City Park have been filled up with sawdust and the work of levelling up is still proceeding. The large piece of swampy ground not far from the Aquatic Club is now being attended to, and is pointed out by many people as being the best possible site for a tourist camp to be found in the entire Park. It is generally hoped that the work of levelling it off will be completed this fall, or at any rate before next spring.

Mrs. J. McNamara and her daughter, Miss Mary McNamara, were visitors of Mrs. J. E. White over the week-end, returning to their home in Seattle on Monday morning. It was the intention of these two ladies to walk from Seattle to the boundary, finishing the rest of the journey to Kelowna by stage, with the idea of having ample opportunity of seeing the country, but they found the courtesy of American motorists too great a temptation and secured lifts most of the way.

Mr. C. A. Fee, of Banff, who was staying at the Palace Hotel, left on Saturday to resume his duties at the Canadian National Park. Mr. Fee has charge of all the animals in the Park, most of which have become very tame owing to the kind treatment they receive, and he gave a very interesting description of their various characteristics. He expected a very warm welcome home from the polar bears, which he states, are the most affectionate of all wild animals kept in captivity.

On Sunday afternoon the members of the Elks' Band, of Penticton, motored to the city, arriving by special ferry. Their visit not having been advertised in any way, a great many people missed a musical treat as they played some first-class selections in the City Park. This band, which comprises seventeen players, looked very natty indeed in their white uniforms, and the opinion was freely expressed by those who listened to their repertoire that it is a great pity that this place does not possess a similar musical organization.

The case of Rex vs. P. W. Runcie was concluded at the Provincial Police Court last Friday, Mr. Runcie being cleared of the charge laid against him. On application of Mr. T. F. McWilliams, counsel for Mr. Runcie, Stipendiary Magistrate E. Weddell dismissed the case on evidence submitted by the Crown, it not being necessary for Mr. McWilliams to address the Court or to produce evidence for the defence. The girl who laid the charge received a very strong admonition from the Court and left town for her home in the Kamloops district the following morning.

The fall time table of the Kettle Valley Railway will go into effect at the end of this month.

The Royal Bank of Canada has opened a branch at Penticton, with temporary premises on Front Street which will be occupied only for a month or so, when a move will be made to permanent quarters on Main Street, next the Post Office. The work of inaugurating the branch was superintended by Mr. H. F. Rees, manager at Kelowna, who returned home this week after installing as manager of the new office Mr. M. D. Ross, who was accountant here for about three years during the war period and later was manager of the branches at Peachland, Langley, Prairie and Alice Arm. Mr. Ross has many friends here who are glad that he has returned to the Okanagan. Penticton, Vernon and Kelowna all have offices now of the three leading Canadian banks, the Bank of Montreal, the Royal and the Canadian Bank of Commerce.

From the 17th to the 23rd, inclusive, the Kelowna Growers' Exchange shipped ninety-one cars of fruit and vegetables. These were mostly mixed shipments, which included large quantities of onions. Fifteen cars of Macs and Wealthies and one of Cox's Orange were exported to the United Kingdom. Large shipments of Hyslop Crabs, prunes, plums and Flemish Beauty pears have been made to prairie points, and these varieties of fruit have been cleaned up. Straight shipments of high grade McIntosh apples were made as follows: to Toronto, four cars; to Montreal, three cars; to Sudbury, North Bay and Fort William, one car each. All the departments of the Exchange are very rushed with work now. There is a shortage of male help at the present time and an effort has been made to secure men through the Government Labour Agency at Vernon.

Owing to the fact that many of the poultrymen in this district were under the impression that there would be no Fall Fair here this year, a number of them did not make the necessary preparations for exhibiting their stock. Therefore it is not expected that the entries in the poultry division will be as numerous as last year. However, this will be fully made up by the excellence of the birds shown. All who exhibit can count on their stock being well cared for during the three days of the Fair. The coops have been thoroughly cleaned and disinfected and a thoroughly qualified attendant, Mr. E. Worsley, will look after the poultry, and attend to their needs. Birds entered must be brought in not later than 10 p.m. on the previous Monday. There is expected to be considerable competition this year from stock sent from Penticton, Summerland, Vernon and Armstrong. The Taylor Cup, for some reason unknown as yet to the management, cannot be competed for this season, it having been withdrawn, according to advice just received by Mr. J. V. Ablett.

The feverish rush of work has ceased at the local canneries, though tomatoes are still being brought in, the slight frost last Friday night only having damaged the crop in a few fields. Tomorrow, however, is the last day on which the Dominion cannery will accept any more tomatoes. This cannery will be through canning "toms" at the end of this week, after which it will be closed for three or four days, while arrangements are being made for a run on apples, which will be peeled at both the cannery and the evaporating plant. The same workers will be employed, about eighty women all told. This season the canning of tomatoes at the Dominion cannery has not lasted nearly so long as last year, the operations having commenced eighteen days later and ended fourteen days earlier, so that the pack will not equal that of 1922. At the Occidental plants are still being canned. The force there has been cut down considerably, only about eighty tomato peelers being employed at present. Overtime work there is a thing of the past, as the tomato season is nearly over. This cannery will also soon commence putting up apples. Its fruit shipping department is hard at work shipping McIntosh and Jonathan apples, ten cars of which were exported to the United Kingdom and Scandinavia during the past week.

OBITUARY

Mrs. Emma Maud Barclay

Many old friends in the Kelowna district will be grieved to learn of the death of Mrs. Emma Maud Barclay, widow of the late Richmond Charles Barclay, which took place at Mission City on Monday, Sept. 17th. Her husband died in April last and Mrs. Barclay had been ailing since that time.

Mrs. Barclay resided here for many years with her first husband, Mr. J. Collins, who died about fifteen years ago, and she continued to live in the district after her marriage to Mr. Barclay until they moved to the Coast about ten years ago. A daughter by the first marriage, Mrs. Painter, of Campbell River, Vancouver Island, and two young sons, Herbert and Peter Barclay, survive her.

The fall time table of the Kettle Valley Railway will go into effect at the end of this month.

WESTBANK IRRIGATION DISTRICT

WATER NOTICE

TAKE NOTICE that the Trustees of the Westbank Irrigation District, Westbank, B. C., will apply for a licence to take and use 700 acre feet of water, and to store 700 acre feet, from a stream which rises about 1 1/2 miles west of White Rocks Mountains and flows in a westerly direction into Nicola River.

The water will be diverted from the said stream at a point about one mile north of Horseshoe Lakes, and will be conveyed by means of a ditch over the divide between the Nicola and Okanagan Valleys, and stored in Horseshoe Lakes at the headwaters of Powers Creek, which drains into Okanagan Lake at Westbank, B. C. The storage dams will be located at the outlets of Horseshoe Lakes.

The water will be used to supplement the right to use water for irrigation purposes from Powers Creek, upon lands lying within the boundaries of the Westbank Irrigation District.

A copy of this notice will be filed in the offices of the Water Recorders at Merritt, B. C. and Vernon, B. C. Objections to this application may be filed with the said Water Recorders, or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B. C., within thirty days after the first appearance of this notice in a local newspaper.

The date of the first publication of this notice is September 13th, 1923.

H. B. EWER, Secretary of the Trustees, Westbank, B. C., September 10th, 1923. 4-4c

Jim Browne Says

Gasoline is down in price 5c per gallon, a reduction which I, in common with other dealers, did not expect. The manufacturers claim to be selling at below the cost of production. I, for one, believe this to be true. However, be that as it may, you can get the highest grade, most purely filtered and the largest (or shall I say—purest) gallon of Premier Gasoline from the

(The House with a Smile)

CROWN RUST OF OATS AND THE COMMON BUCKTHORN

(Experimental Farms Note)

The stem rust of cereals, which causes immense losses in some years, is well known. The crown rust of oats is not so well known, nor do the losses caused by it attract much attention, as they are not usually so severe as in the case of the stem rust. Crown rust is, however, common, and it seems to be growing more severe, especially in western Canada. It attacks the leaves of oats, killing them and thus reducing the vigor of the plants and lessening the yield. The rust appears as small orange reddish masses on the leaves

of oats in the summer. Later the black stage appears on the dying leaves and gives them a dark or black appearance.

Just as the stem rust of wheat may live on the barberry, so the crown rust of oats attacks the common buckthorn in the spring, and produces yellowish masses of spores (seeds) that blow about and carry the rust to oats. Last year in western Canada, owing to favorable conditions, the spring spore stage of the crown rust was very abundant on the buckthorns in some districts—so abundant that they appeared yellow even at some distance. A very heavy attack of crown rust on oats followed, killing practically all the leaves of the oats much before ripening. In consequence the yield must have been much less than if no rust were present. Many experiments in the greenhouse have shown conclusively that the rust on the common buckthorn readily infects oats. In these experiments rusted leaves of the buckthorns were placed above oats growing in pots, so that the rust on the buckthorn leaves would fall on the grain in the pots. The oats were then sprayed with water and placed in very moist air. In every case the oats became heavily rusted with the crown rust.

The common buckthorn is a shrub frequently used for hedges and for ornamental purposes. It is valuable for these purposes, but there are many other shrubs than can be used which do not spread rust. The buckthorn is hardy and can readily become established. Should it become general either from extensive planting or spread from seed, it would cause very serious injury to the oat crop. The native buckthorn in Canada is attack-

ed by a rust, but this goes chiefly to swamp grasses and does not attack oats.

There is no doubt the common rust of oats is a serious enemy of the oat crop, killing the leaves and reducing the yield. There is also no doubt that the common buckthorn helps in the overwintering and spread of this rust. The common buckthorn, therefore, should not be planted or be allowed to grow in countries where oats are a valuable crop. The common barberry and the common buckthorn should be destroyed in grain growing regions.

W. P. FRASER,
Plant Pathologist.

FOOTBALL CHAMPIONS HONoured

(Continued from page 1.)

team was not quite as remarkable as had been stated. They had played four games, not twelve, in the Robertson Cup series, and the twelve stood for the goals they had scored, while none had been scored against them. Nevertheless, this was a fine record, and the boys deserved great credit for the way they had trained this year. It was the training and practice that counted. The Revelstoke men were big, husky fellows, but the Kelowna lads played rings around them.

He recounted the tale of victory at Kamloops: how the slippery, green grass threatened discomfort to the players, used to a hard clay surface; how a shoemaker was hunted up and the boots of the Kelowna boys were

hastily equipped with bars so as to keep them from slipping; how the Merritt team, picked from an available 67 men, looked decidedly formidable as against the Kelowna bunch, with only thirteen men from whom to select; how, after all, the long-passing game, from wing to wing, nonplussed the Merritt players, used to short passing, and resulted in final victory for the Kelownians.

It was pleasing to be able to state, said Mr. Pitt, in closing, that the game had been played this year without a foul. The referee in the final match was one of the finest and fairest he had ever seen, and Merritt man though he was, he gave complete satisfaction to both sides. An effort was being made to interest the High School and Public School pupils in the game, and he would be glad to give his services as instructor to the boys, provided it was at a reasonable hour of the day.

Mr. S. T. Elliott proposed a toast to all the subscribers to the banquet and presentation who had made it possible to hold such a pleasant function that night, as the funds of the K. A. A. could not be used for such a purpose. Kelowna always came to the front in support of a worthy cause, and this was one of the worthy ones. Previous to going to Kamloops for the final in the Robertson Cup series, he could not say that he was keen upon football, but the fine game he saw there had converted him and he would be an enthusiast in future. He coupled the toast with the name of Mayor Sutherland.

With characteristic modesty, His Worship deprecated being called upon, as he had done so little himself, nor was there as much credit due to the Council for the assistance given to sport as had been accorded them by a previous speaker. It was due to the spirit of the people of the town that Kelowna had its Athletic Ground today. There was not a Council in the province that would give the money of the people to an object that was not supported by the people. Hence the credit was due, not to the Council, but to the citizens. This same spirit it was shown towards sport in other ways, as mentioned by Mr. Elliott, and he hoped it would increase from year to year and greatly promote sport.

He had been greatly struck by Mr. Pitt's statement that there had been no fouls in this year's football games. Games were played for many reasons, of which the gaining of health and better physique was a principal one, but there was a much more important reason. It was a fine thing to win a game and bring home a trophy, but the biggest thing in sport was to learn, not how to win, but how to lose. It was much more important to lose well than to win well, and he was pleased to note in his thirty years' observation of sport in Kelowna that it was played cleaner and in a better spirit than in bygone days, when the chief topic amongst the players before a lacrosse match, for example, was how they would lay out some blankety-blank on the enemy side. Those who had a fondness for games had it reflected in their character, and in turn it was reflected in the country to which they belonged. The goods that came from the Old Country had about them a hall-mark of quality that was evidence that the people who made them played the game, a spirit that was carried into commerce, war and everything else. That was why it was desirable to instill this same spirit into the young people of Kelowna, and if the K. A. A. were doing something towards this end, they were doing something worthwhile for their country. (Loud applause.)

After Mr. Gowen had delighted his hearers with a splendid rendering of "The Trumpeter" as an encore to another song, the Mayor was again called upon, this time to make a presentation to the members of the victorious team. He explained that it had been the intention to present them with medals, but unfortunately the medals had not arrived in time and would be handed to them later. However, they would appreciate group photographs of the Interior football champions, and these His Worship handed over to the players, who were applauded as they came forward to receive them.

The winning team was composed of Messrs. J. Burt (Capt.), Kinnear, Bert Woods, G. Handlen, F. Lee, W. Woods, Geo. Reith, Dean, W. Sadler, McClimon and T. Handlen. The chairman proposed a toast to "The Donors of Cars," whose kindness, he said, had been of great help to the teams. If it had not been for the help given to the K. A. A. in this respect, the Association would not have been able to get through more than half the season.

Mr. C. Fowler, whose name was coupled with the toast, in responding expressed his pleasure at being able to render the boys some help, and he hoped to see more car owners come forward next year.

Mr. J. McClymont gave "The Press," coupled with the names of Messrs. G. C. Rose and Andrew Fraser.

In replying, Mr. Rose expressed the desire of The Courier to give all possible publicity to local sport, and related some reminiscences of football at Kelowna in the early nineties, when at times it was customary to play the man instead of the ball. Mr. Fraser in a few words returned thanks for the privilege of being present. It had been a pleasure to report the games during the past season, and he would always take an interest in

Okanagan Loan and Investment Trust Company

FOR SALE

\$550. Small cottage and good lot, situate on Sutherland Avenue.

\$225 per acre. One of the best Dairy Farms in the District, which is also suitable for growing onions and tomatoes.

FRIDAY AND SATURDAY, SEPTEMBER 28 and 29
WILLIAM FOX presents William Walling, Virginia Valli, Bessie Love and Tully Marshall in

"THE VILLAGE BLACKSMITH"
Founded on the impressive poem by Henry Wadsworth Longfellow of the village blacksmith, the strong God-fearing fellow, who lives a life of toil and happiness, until the shadows bring evil gossip and the villainous skin-and-squire and his scapegrace son, who attempts to trifle with the affections of the smith's daughter, brings about the dramatic story that you will carry away with you as the poem you have cherished. Also Topics of the Day and "COLD CHILLS." Sat. Mat., 3.30, 10c and 25c. Evening, 7.30 and 9, 20c and 35c

MONDAY AND TUESDAY, OCTOBER 1 and 2
RICHARD BARTHELMUSS and DOROTHY GISH in
"THE BRIGHT SHAWL"

Adapted from Joseph Kergesheimer's great book. Scarlet, silken threads that whirl to wonderment. Its flaming fringe flung in mystery about La Clavel, vivid Andalusian dancer. Through strange adventure and deceit, passions of a throbbing heart and gay delight, there in Cuba's purple nights. Never have you seen such screen splendor. Also News Weekly and "WRECKED." Evening, 7.30 and 9, 20c and 35c

WEDNESDAY AND THURSDAY, OCTOBER 3 and 4
Leatrice Joy, Nita Naldi, Lewis Stone and Pauline Garon in
"YOU CAN'T FOOL YOUR WIFE"

A Jack Milford production (the man who made "The Sheik") Perhaps—you can't fool your wife, but you'll have a great time seeing it tried, with Leatrice Joy as the wife, Nita Naldi as the vamp, and Lewis Stone as the husband who discovers that a woman can know things without knowing how she knows them—but she knows just the same. Mistrusting wives and husbands will find as many trusting wives and husbands eager to attend this vibrant and highly entertaining comedy. Don't miss it, we know it's good. Also "THE CHASED BRIDE." Evening, 7.30 and 9, 20c and 35c

local sport and help it as much as lay in his power.

Mr. Pitt proposed a vote of thanks to Mr. Borthwick for his musical services, and it was accorded with all the customary honours.

With the singing of the National Anthem, the proceedings then came to a close.

HIS MOVE

The other day two navvies were busy at work laying down some elec-

tric tram lines. The manager had been standing close by watching the men the whole day, much to the annoyance of the two workmen.

At last, when the patience of the men was completely exhausted, one of them said: "Ah, say, mister, can you play draughts?"

"Yes," said the manager, wondering at the impertinence of the man.

"Well," replied the workman, "ye had better make a move or ye'll be losing two men."

Public Subscription is invited for.

\$50,000,000

Dominion of Canada

Refunding Loan 1923

5% Bonds

Dated and bearing interest from 15th October, 1923, and offered in two maturities as follows:

20 year Bonds due 15th October, 1943
5 year Bonds due 15th October, 1928

Principal payable at the office of the Receiver-General at Ottawa or that of the Assistant Receiver-General at Halifax, St. John, Charlottetown, Montreal, Toronto, Winnipeg, Regina, Calgary or Victoria. Semi-annual interest (15th April and 15th October) payable at any branch in Canada of any chartered bank.

Denominations: \$100, \$500, \$1000

All bonds may be registered as to principal only, and bonds in denomination of \$500 and authorized multiples thereof may be fully registered.

These bonds are authorized under Act of the Parliament of Canada, and both principal and interest are a charge upon the Consolidated Revenue Fund.

To Cash Subscribers

Offering Terms

This issue presents a most attractive investment. The security is incomparable and the income return high. The bonds will occupy an investment position equal to that of Canada's Victory Bonds.

The bonds are offered for cash at the following prices:

20 YEAR BONDS
98.25 and interest
yielding 5.14%

5 YEAR BONDS
99 and interest
yielding 5.23%

This offer is made subject to prior sale and to advance in price.

To Holders of 1923 Victory Bonds

In addition to the bonds offered for cash it has been arranged that all owners of Victory Bonds due November 1st, 1923, may exchange their holdings for the same amount of the new issue. They will receive in cash the difference between the face value of their maturing bonds and the purchase price of the new security, namely: at the rate of \$1.75 per \$100 for 20 year bonds and \$1.00 for 5 year bonds.

Special Privilege

Interest coupons on bonds exchanged are to be retained by the owner and cashed on November 1st. As the new bonds will be dated October 15th, holders who exchange will thus receive an extra half month's interest thereby reducing the cost of 20 year bonds from 98.25, and 5 year bonds from 99, to the following:

20 YEAR BONDS
98.02 and interest yielding 5.16%
5 YEAR BONDS
98.77 and interest yielding 5.29%

Holders are urged to act promptly as this privilege is subject to withdrawal.

Dominion of Canada bonds are the most attractive investment obtainable in Canada.

Orders may be telegraphed or telephoned (collect) and exchanges made through any of the undersigned or through your usual dealer or bank.

The right is reserved to allot a less amount of bonds than applied for, and to sell for cash more than \$50,000,000.

These bonds are offered for delivery in interim form on or about October 15th, 1923, when, as, and if issued and delivered to us.

GOLDEN RULE HAS PLACE IN TRADE

(Copyright)

Some cynical persons have remarked that the Golden Rule has no place in business. They have taken the position that instead of doing unto others as you would have them do unto you, the only safe and sane plan is to do others before they have a chance to do you.

Fortunately for business and for the world at large, however, these persons are few and far between. The great majority of people are honest. It has been proven repeatedly that even in business it pays to practise the Golden Rule, just as it has been proven repeatedly that "honesty is the best policy." It not only makes a man feel better down in his heart when he employs the principle of the Golden Rule, but he finds that it is good business. This applies not only to the man who stands behind the counter and gives a full pound of sugar to the man who asks for a pound, but also to the man who stands on the other side of the counter and pays his money for that pound of sugar.

Does Consumer Do His Part?

The consumer expects the merchant to be honest and square and give him his money's worth for every penny that he spends with him, but how often does the consumer stop and ask himself the question, "Am I being as fair and honest with the merchant as he is being with me?" The consumer not only expects the merchant to give him honest weight and full measure at the lowest possible price, but he expects a world of other things at the same time. Nine times out of ten he expects the merchant to give him credit, and nine times out of ten the merchant does it. Many times he expects the merchant to "carry" him for three or four months before he pays for what he buys, and as many times the merchant does it. He expects the merchant to pay for advertising space in the church programme which he is getting up, and the merchant does it. He expects the merchant to "kick in" most liberally when he is raising a fund for the benefit of the town band, and the merchant does it. He expects the merchant to provide the bonus which is to be paid to obtain a new factory which will benefit the working man, the clerk and everybody else in the town, and the merchant does it. He expects the merchant to "come across" with a donation to help the poor family which other wise would become a charge upon the common funds of the community, and the merchant does it.

Another Side To Picture

Now, look on the other side of the picture. Mr. Consumer decides that he needs a new suit of clothes, or Mrs. Consumer decides that she wants a new kitchen range, or some of the little Consumers express a desire for a train of cars or a bobbed. Mr. Consumer picks up the big mail-order catalogue which the mail-order house has printed with his money or that of others like him, and he looks it over until he finds a picture that strikes his eye. It's a picture of a "ditty" looking suit of clothes. Of course, he can't feel the picture to see whether the cloth is as good as it looks; he can't look the mail-order man in the eye and ask him whether he will guarantee it to wear for at least a month or six weeks; he can't tell the mail-order man that he will drop in on the first of the month and settle for it; he can't tell the mail-order man that he would like to have a little of his business or a chance to do a little carpenter work, or painting or plumbing for him, as long as he is buying his goods from him, for the mail-order man hasn't any business or any work to give him. But the picture is a pretty one, so Mr. Consumer digs out his hard-earned cash, goes down to the post-office, buys a money order and sends it to the mail-order man.

After a week or ten days, or possibly two weeks, the suit arrives. It may be nothing like the picture. The cloth may be of poor quality. The chances are that it doesn't fit at all. But there is nothing for Mr. Consumer to do but put the suit on and wear it. He can't get his money back. He might send the suit back and the mail-order man might send another in its place, but the chances are that it wouldn't be any better than the first and Mr. Consumer would only be out the additional express charges.

Found Golden Rule Pays

Mr. Consumer found that it pays to remember the Golden Rule in business. If he had done unto the merchant as he would like the merchant to do unto him, he would have got more for his money and he would have aided in making it possible for the merchant to help him and his town when they needed help. The world has discovered that the Golden Rule is not for use only on Sundays, but that it is value on every day of the week.

PREPARING THE BEES FOR WINTER (Experimental Farms Note)

All work in the apiary has for its ultimate object the securing of a good crop, and hence the preparation of bees for winter means more than the safe wintering over of the colony.

The first step in preparing bees for the winter is also the first of the beekeeper's year as well as his first step towards securing next season's crop. About the middle of July preparations are commenced by seeing that each colony is headed by a vigorous young queen in order that the maximum number of young bees may be reared to carry the colony through the winter. Should the fall flow be insufficient to carry a large amount of brood to be reared, stimulative feeding will have to be resorted to; that is, 1 part of sugar to 1 part water or dilute honey mixture must be fed. Colonies that are weak, those covering less than six frames, should be united; this may be done by the newspaper method; or two weak colonies may be brought together and wintered in one hive if it is divided by a close fitting division board. This latter method provides the beekeeper with surplus queens early the following season.

Having secured a large force of young bees, the next step is to see that each colony has sufficient stores to not only carry it through the winter but also through the early spring till pollen and nectar are coming in, thus enabling it to build up rapidly. The stores provided should be of the best; no unwholesome honey containing a high percentage of solid matter should be given. If natural stores are deficient, a syrup of two parts of the best granulated sugar to one part water should be fed. This being last stored will be the first consumed and, as it breaks down into gas and water, will defer solid matter.

Colonies in ten-frame Langstroth hives to be cellar wintered should weigh at least sixty pounds without their covers, while those wintered outside seventy pounds or more.

Protection from the cold is very necessary, as it not only retards the consumption of stores but also conserves the energy of the bees. Colonies wintered outside should have at least three inches of packing underneath them and about their sides with six to eight inches of packing on top. The most economical case is the quadruple, as each colony has the warmth from its two neighbours. Colonies should be placed in their cases and packed underneath and about sides before feeding. For feeding, ten pound honey pails, in the cover of which fine holes have been made, are considered very satisfactory.

Colonies to be placed in the cellar are usually left on their summer stands till they have had their last cleansing flight. This is usually in the second or third week in November.

In all preparations the beekeeper should keep the ultimate object in view—strong colonies in the spring.

A. H. W. BIRCH,
Apiarist.

REGULATING THE SALE OF CERTIFIED SEED POTATOES (Experimental Farms Note)

During the past few years a favourable reputation has been acquired by certified seed potatoes of Canadian origin, not only throughout the Dominion, but also in many parts of the United States and the West Indies,

and it is incumbent upon all growers of certified seed to do everything possible to maintain this reputation. It is now fairly well-known, the Dominion Department of Agriculture issues certification tags and attaches one of such tags to every bag, barrel or other container of seed potatoes which, as a result of two inspections made in the field and two made of the crop after harvesting, have been found to measure up to the standards set for certified seed. However, it has been found that from time to time attempts have been made by dealers to copy, in part at least, the certification tags issued by the Department. This practice has had a misleading effect and has also been the cause of a good deal of complication and misunderstanding, so much so that the Department recently found it necessary to make application for some legal enactment in order that such practice might in future be dealt with according to law.

For the information of all growers, dealers, shippers and buyers concerned, it is desired to give full publicity to a clause in the revised Destructive Insect and Pest Act regulations, which took effect from September 1, 1923. "An inspector shall have the power to inspect before export to any foreign country, or shipment within the Dominion, any plant, and to grant a certificate according to the requirements of any country demanding such, or for domestic purposes."

"All certificates so issued must bear a copy of the official seal of the plant disease or insect pest inspection service carried on under this Act."

"In the case of potatoes for which such certificates are required no person shall be allowed to sell or offer, advertise, expose, or hold in possession for sale, for seed purposes, any

potatoes in any manner or form described or designated as inspected, registered, selected, or disease-free seed potatoes unless such potatoes are contained in sacks, barrels, or other containers, to each of which shall be durably attached a certificate stating that any such potatoes contained therein have been inspected in the field and after harvest by an inspector under the Destructive Insect and Pest Act and have been found sufficiently vigorous and free from serious diseases, other pests, foreign varieties, mechanical injury, or other blemishes to warrant them being classed as Extra No. 1 Certified Seed Potatoes. All such certificates shall bear the grower's name or number as well as a copy of the official seal of the Plant Disease Inspection Service of the Department of Agriculture, Canada."

It is recommended in this connection that all persons concerned in the growing, purchasing, or distribution of certified seed potatoes, make themselves thoroughly acquainted with the appearance of the official certification tag, a print of this tag is being published in the annual report of the Division of Botany for the year 1922, copy of which may be obtained in the near future by application to the Publications Branch, Department of Agriculture, Ottawa.

It is also desired to emphasize the following conditions, which are printed on the back of each and every certification tag, from which it will be seen that the grower of certified seed potatoes, in accepting certification tags, undertakes certain responsibilities which he will in future be required strictly to live up to:

"This tag is issued for one container of potatoes, and is to certify that satisfactory evidence has been given that the contents have been grown by the

person whose certificate number it bears, and that they have been inspected in the field and after harvest by an officer of the Dominion Department of Agriculture, and have been found to be sufficiently vigorous and free from serious diseases, other pests and foreign varieties to warrant them being classed as GRADE EXTRA No. 1 SEED POTATOES."

"This tag is issued on the express condition that the person to whom it is issued and whose certificate number it bears, undertakes to grade the potatoes for which it is to be used so that they shall be practically free from rot, blemish or otherwise seriously injured or off-type tubers and so that no more than five per cent by weight shall be below three ounces or above twelve ounces in weight, and on the further condition that the said person assumes entire responsibility for the contents of any package to which this tag may be attached by him."

Mr. and Mrs. E. Mugford motored to Armstrong on Tuesday last for a few days visit, returning Friday.

We regret to learn that Mr. A. W. Dalgleish has been ill, the attendance of a physician having been necessary.

Residents are all up to their eyes in work at present. The McIntosh apples are nearly all picked now and

growers will commence Jonathans shortly. Weather has been favourable for picking so far, very little time having been lost from rain. Saturday morning's frost finished the tomatoes on the lower levels, but vines on the upper bench are as yet unharmed.

The Kamloops School Board has sent a strong protest to the Department of Education against the recent constant changes in the High School curriculum. These changes, it is pointed out, are a cause of expense to parents, which could be avoided. The matter will also be brought up at the convention of the B. C. School Trustees' Association to be held at Duncan next month.

Kenzetta Kenzetta

Sounds as if it might have something to do with the situation in Greece and Italy, but in reality KENZETTA is only a play on the name McKenzie and has to do with conditions in Ceylon and India, because anyone who is familiar with the situation in India and Ceylon will know that some of the best Tea grown comes from those two places, and KENZETTA is the name of a three pound package of choice Indo-Ceylon Tea which is deservedly very popular with a great many of our customers.

KENZETTA TEA brews quickly and has a rich full flavor and is an especially economical Tea.

THREE-POUND PACKAGES OF
KENZETTA TEA \$1.75

We just here make mention of other brands of Tea which we carry in stock.

MCKENZIE'S BLUE TEA in one-pound packages, our most popular seller.

NABOB TEA, which is so very well known for flavor and quality.

DE LUXE TEA, an especially seductive afternoon tea.

RIDGEWAY'S OLD COUNTRY TEA in one and three-pound packages.

BULK TEA from Ceylon, India, Japan and China and at prices ranging from 60 cents a pound to \$1.50 a pound.

IF YOU WANT A SPECIALLY BLENDED TEA JUST ASK US ABOUT IT.

LETTERS TO THE EDITOR

ROWCLIFFE, LTD., ON THE DEFENCE

Sept. 25, 1923.
The Editor, Kelowna Courier,
Kelowna, B. C.

Dear Sir,
"Why it looks like cheap apples. The real truth."

In view of the fact that the Associated Growers through their chief officers have not only published in nearly all the local newspapers throughout the fruit districts of the Province, but it is reported to us, have, in some instances, personally canvassed many of our growers displaying an untruthful and deceptive telegram, which purports to have been issued by Plunkett & Savage, of Calgary, but which seems to us bears all the earmarks of having been manufactured in Vernon, we can only assume from the methods employed that those in charge of the affairs of the Associated, perhaps warned of impending doom, are seeking to lay the results of their own doing at the doors of another.

The following telegrams speak clearly for themselves, and explain why it looks like "Cheap apples." The truth of the matter is below.

Our Mr. J. Rowcliffe on his way East stopped off at a few Southern Alberta points, with a view of placing some cars of McIntosh. He wired us from Taber, Alberta, requesting us to quote our best f.o.b. prices, to which we replied as follows:

"Kelowna, Sept. 10, 1923.

"J. Rowcliffe,

"Taber, Alberta.

"Quote McIntosh equivalent eighty per cent ones, twenty per cent twos, flat price one sixty five. On account new grading, this method quoting safer and better understood. Crates orchard run one forty all f.o.b. Kelowna. Shipment about seventeenth. Very few McIntosh moving this week.

"GEO. ROWCLIFFE, LIMITED."

On September 14th, we received this wire:

"Granum, Alberta, Sept. 14, 1923.

"Geo. Rowcliffe, Ltd., Kelowna, B.C.

"Sold six hundred boxes McIntosh in Claresholm. Will clear balance here. Had to meet price one ninety delivered Claresholm.

with situation in some way.
PLUNKETT & SAVAGE.

Prices of Associated Growers are: McIntosh, Extra Fancy, \$1.75; Fancy, \$1.45; Crates, \$1.00; Mixed Winter Apples, \$1.35.

These are wholesale prices. You will note in the above telegram independent dealers are going direct to the retail trade with lower prices.

MARRIAGES

Glenn—Austin

("Kamloops Standard-Sentinel")
A very pretty home wedding took place Wednesday afternoon, Sept. 19th, at the residence of Mr. and Mrs. Charles Austin, St. Paul Street, when their daughter Ethel became the bride of Harold Lorne Glenn, of Kelowna. The bride, who made a charming picture in her dainty gown of white tulle and lace, and tulle veil arranged in a mob cap, held in place with orange blossoms and pearls, carried a bouquet of Ophelia roses, pink sweet peas and fern. She was attended by her sister, Miss Grace Austin, who wore a dress of pale pink and carrying a basket of sweet peas, acted as flower girl. The best man was Maurice Maynard, Rev. Charles Ladner, a life-long friend of the bride's family, was the officiating clergyman. The bridal party entered the room to the strains of the wedding march played by Miss Merle Oakley.

The house was beautifully decorated with flowers, the colour scheme being pink and white. At the conclusion of the ceremony, refreshments were served by Misses Merle Oakley and Margaret Ward.

Late in the afternoon, Mr. and Mrs. Glenn left for a short motor trip after which they will take up their residence in Kelowna, in the bride travelling in a suit of brown duvetyne with hat to match. Mrs. Glenn is a native daughter, and a host of friends both in Kamloops and Kelowna will unite in wishing the young couple every happiness.

Kitson—Kemball

On Wednesday, September 26th, at 11 a.m., on a day of perfect Okanagan autumn sunshine, the wedding of Mr. John Hamilton Kitson, of Upper Bear Creek, and Miss Phyllis Kembal, of Seven Kings, Essex, England, took place at the Church of St. Michael and All Angels, Kelowna. The service was conducted by the Ven. Archdeacon T. Greene and was witnessed by a numerous gathering of friends. The groom's brother, Mr. Bernard Kitson, acted as best man. The bride was given away by Mr. Harry H. Angle, of Bear Creek, and was dressed in white tulle and carried a bouquet of roses, the gift of Mr. and Mrs. W. J. Palmer, of Richter Street.

After the wedding breakfast, which was served at the Lakeview Hotel, the bride and bridegroom left for Vernon on a trip to the north-east of the Province. They will be at home to their friends after October 17th.

"J. ROWCLIFFE."

have two good stories in this issue. "Guns and Ammunition" is particularly well filled with articles by men such as A. A. Haines, E. T. D. Francis, and R. Leckie-Ewing, all well known to "Rod and Gun" readers. Robert Page Lincoln, J. W. Winslow and F. H. Walker have good departments, while "Along the Trail," edited by M. U. Bates, opens again in the October issue. Particular attention has been paid to the several important trap shoots of the Dominion, and accounts of the B. C. R. A., the Bisley Team in England, a write up of which is given by Major Crowe, the Maritime Trap shoot and the O. R. A. are all contained in the October issue.

NO CHANCE

Mother—No, Bobbie, absolutely no. For the third time I tell you that you can't have another chocolate.

Bobbie (in despair)—O gee, I don't see where Dad gets the idea that you are always changing your mind.—American Legion Weekly.
